Total Hours for the Certificate: 12 Hours 50% must be at AU**	
Exit Exam*	

*short exam given at time Department of Social Sciences signs off on your graduation application.

Students who aspire to careers in medicine, dentistry, nursing, allied health and as well as public administration or business, can complete this specialized training certificate in the first two years of their degree program, *prior* to applying for internships, shadowing opportunities or focused programs, as well as before sitting entrance exams. Our students and certificate graduates can feel confident in their cultural diversity knowledge and skills and will be better prepared to effectively and empathetically interact with others in the healthcare arena.
