Proclamation of Appreciation for President William A. Bloodworth

At the beginning of Fall 2010, as the ASU Chapter of the AAUP reflected on the events of the 2009-2010 academic year. The most meaningful and successful chapter activity of that year was our hosting of the state meeting, May 1, 2010. President William A. Bloodworth's presentation at the meeting's welcome session was the highlight. He addressed questions about the state of the University System with candor, grace, and eloquence. The President shed light on some of the murkiest issues that face the University System. Our AAUP Chapter is still beaming with pride that Dr. Bloodworth is our leader and we are very appreciative of his participation at that state meeting.
