

Welcome to JagTrax!

Understanding the What-If and Look Ahead Features

JagTrax

- The **What-If** feature allows you to see what your progress would look like if you changed your major, minor, or concentration.
- If you have not yet declared a major, you must use the What-If option to view a degree audit.
- The **Look Ahead** portion of the What-If audit will project how future courses will impact this new audit.
