Please be advised, I am providing a copy of the Georgia Department of Corrections policy on license and credentialing verification on professional health care providers.

Any provider entering the prison to perform patient care must provide the following credentials before they are allowed to practice.

Current Ga, license, CPR card, DEA certificate, SS Card (for I-9 federal employment eligibility form), and drivers license.

All providers must also have completed and cleared a GCIC criminal history check before entering the facility.

Please make sure all that fall under your jurisdiction adhere to this policy. Please call me at 706-855-4978 if you have any questions or concerns.

Thank you.
