Igniting the Dream of Medicine
High School and Undergraduate Conference
Saturday, February 24, 2018
8:30 am – 4:00 pm

J. HAROLD HARRISON, M.D. EDUCATION COMMONS BUILDING

**Have you ever considered a career in medicine or other health profession?
If so, this conference is for YOU!**

Conference Topics:

MCAT Updates	Mock Interviews
Admissions Process/AMCAS/FAP	Admissions Panel
Hands on Simulation and Labs	BS/MD Program
Mentoring (Focusing on the need to increase underrepresentation in medicine)	
AAMC Representatives, Resident and Medical Student Panel, much more!	

Opportunity to present research data at undergraduate and graduate poster session!

Why Attend? Participants will gain from this conference:

- A better understanding of medical school, including preparation and skills needed for successful entry and matriculation
- A game plan for achieving career goals
- From high school to college – paving the way to medical school
- Networking opportunities with Medical College Deans, Program Administrators, Faculty, Residents, and Students
- Hands-on learning activities in state-of -the-art simulation labs

Sponsored by the

MCG Office of Student & Multicultural Affairs & the Student National Medical Association

The MCG Office of Student & Multicultural Affairs (OSMA) and Student National Medical Association (SNMA) work collaboratively toward diversifying the physician workforce and increasing the pipeline of students from underrepresented disadvantaged backgrounds.

Registration will open Thursday, August 31, 2017.
