The Georgia Regents University College of Nursing announces search for Nursing Anesthesia Faculty

The Georgia Health Sciences University College of Nursing (CON), established in 1943, joined with the Augusta State University Department of Nursing in January, 2013 to become the new Georgia Regents University College of Nursing. Now the largest nursing program in the University System of Georgia, the College enrolls some 700 upper division and graduate students on three campuses and at several distance sites. A technologically infused curriculum, to include synchronous and asynchronous distance and simulated learning methodologies, provides a foundation for our programs. We employ well-qualified full and part-time faculty members, the majority of whom hold doctoral degrees.

The GRU College of Nursing has a history of academic excellence, leadership and innovation. Among its more notable achievements:

- One of the top 100 graduate programs in the nation - (ranked 44th by US News & World Report)
- 10th college in the nation to offer the Doctor of Nursing Practice degree, fully accredited in 2009
- 10th college in the nation and first in the region to offer the pre-licensure-entry into the Master of Science in Nursing degree with the Clinical Nurse Leader major
- State-of-the-art Interdisciplinary Simulation Center with anesthesia and virtual hospital features
- Partner, Robert Wood Johnson Foundation New Careers in Nursing program (only institution in Georgia)

Position Summary

Seeking a qualified candidate (certified registered nurse anesthetist) for a twelve-month faculty appointment at the rank of Instructor, Assistant, Associate or Full Professor (rank will be commensurate with experience).

Applicants should possess the knowledge, skills and abilities required for the instruction and delivery of safe and competent anesthesia care. Applicants also should desire work that advances the education mission through progressive, successful mastery of teaching skills along with the development of a program of scholarship.
Principal Accountabilities

- Demonstrates knowledge of evidenced based anesthesia care across the lifespan to include, techniques, equipment and procedures.
- Functions competently as a CRNA in a clinical setting.
- Instructs students in didactic and clinical (lab, direct care clinical and simulated learning) education.
- Evaluates student performance fairly and consistently providing meaningful feedback.
- Demonstrates a commitment to quality instruction through continual improvement in assigned didactic and clinical courses and anesthesia curriculum.
- Serves as a course coordinator.
- Functions as an advisor for student capstone projects.
- Serves as academic advisor for anesthesia students.
- Maintains a faculty practice.
- Establishes a program of scholarship related to areas of expertise.
- Maintains lines of communication with program director, faculty, and program manager.
- Assists the program director and manager with program operations to ensure successful recruitment, admissions and orientation processes and compliance with accreditation standards.
- Collects, records, maintains, and submits accurate class records to include grades, syllabi, class rosters, and curriculum inventory reports.
- Engages in the work of the College of Nursing and the University through active participation in committees, Faculty Senate, department meetings, commencement and convocation.
- Participates in professional organizations.
- Participates in self-directed continuing education to maintain certification and clinical knowledge base that is reflective of current practice standards.
- Represents and promotes the program, profession, the College of Nursing and Georgia Regents University to the public.

Qualifications

The successful candidate will possess the following:

- Minimum of a master’s degree in nursing from an accredited nurse anesthesia program, with demonstrated interest in doctoral studies if not already obtained.
- Current certification/recertification from the Council on Certification of Nurse Anesthetists
- Clinical experience and demonstrated ability to competently function as a CRNA
- Licensure (or eligibility for) as a registered nurse in Georgia with recognition by the Georgia Board of Nursing as an advanced practice nurse.

Application Process

Please apply online at http://www.gru.edu/jobs/external.php. Review of applications will begin immediately and will continue until the positions are filled.

Georgia Regents University is an equal opportunity/affirmative action employer. Women, minorities and persons with disabilities are encouraged to apply.
