- Allows visitors to search studies that are currently enrolling participants
- Study specific information will include:
  - Brief lay study description
  - PI Name
  - Eligibility Criteria
  - Indication if Healthy Volunteers May Enroll
  - Compensation Available
  - Map to study site
  - Enrollment contact information

You can search by key word or body system
Find Current Studies

Study specific information will include:
- Brief lay study description
- PI Name
- Eligibility Criteria
- Indication if Healthy Volunteers May Enroll
- Compensation Available
- Map to study site
- Enrollment contact information

Find Current Studies - How Does it Work?

Phase I - GRU Internal IRB Studies
- Data extracted from Core Data Form

Phase II - GRU External IRB Studies
- Data extracted from web-based form
Find Current Studies - How Does It Work?

- Studies that qualify for posting on the website:
  - GRU Internal IRB Studies
  - Approved
  - Status - Actively Enrolling should be listed on the website
- Exclusions
  - Chart reviews
  - De-identified data collection
  - Studies for which recruitment on the website isn’t applicable

Find Current Studies - Internal IRB Studies

Data entered into Core Data Form → Study approved by IRB → Study posted to GRU Research Study Website
Find Current Studies - Internal IRB Studies

IRBNet Core Data Form

Research Study Website

Find Current Studies - Internal IRB Studies

- All descriptions should be at an 8th grade reading level.
