

Radioactive Material Licenses

The radioactive material licenses issued by the State of Georgia to Augusta University and Augusta University Health, including license conditions, documents incorporated by reference, and license amendments, are maintained by the Radiation Safety Officer at the following address:

Augusta University
Environmental Health and Safety Division
1405 Goss Lane, CI-1002
Augusta, GA 30907
(706) 721-9826

These documents are available for examination by campus and hospital employees. Please call ahead to arrange a viewing of these documents during normal working hours.
