

Faculty have the ability to run their own reports; however, if a proxy or administrator needs to run a copy of the report, the instructions below will walk you through the process

IMPORTANT NOTE: Faculty can edit these reports in MS Word after running them, any subsequent reports you run will not include any of their MS Word edits.

1. Within PACT, click on “Reports” and then select “Annual Faculty Performance Evaluation” from the Report drop down.

Frequently asked questions & common Issues

Issue: Report is basically blank (no goals or summary information is included)

Solution #1: Make sure the faculty member has entered **2022-2023** goals. The eval is based on these goals so they must be entered into PACT. **This is the #1 issue we encounter.**

Solution #2: Double-check the date range of the report. It should have a start date of May 1, 2022 and an end date of December 31, 2022.

Issue: Don't see/Can't select a specific person when running the report

Solution #1: Is this person Clinical Faculty? Clinical Faculty are not in PACT but if you would like to use the same *Word form* for a Clinical Faculty member, you can find one here:

<https://www.augusta.edu/afa/evaluations.php>

Solution #2: Faculty evaluations are available to their "home" department (including those faculty who work in centers and institutes). If you are not the home department but have confirmed that the home department wishes you to initiation the evaluation process, we will need to update your security accordingly. Please contact the [DMadmin](#).

Solution #3: There is a different problem with the security settings. Please contact the [DMadmin](#) to resolve this issue.

Issue: Rank is incorrect

Solution: There are a few outstanding OneUSG issues that can cause a faculty member's rank/status to be incorrect. There is a ticket pending for this but it has not yet been resolved. In the meantime, the faculty member can correct this on the MS Word form.

Issue: Workload is incorrect.

Solution: Please contact the [DMadmin](#) to confirm the workload information in Peoplesoft.

Issue: Report prints with some, but not all, expected information

Solution #1: The dates of the missing items may not fall within the reporting dates.

Solution #2: Area of assigned effort was not indicated (see example below)

The screenshot shows the 'Edit Department Service' form. At the top, there is a navigation bar with 'Activities', 'Reports', and 'Tools'. Below this, the form title is 'Edit Department Service'. There is a text input field for 'RI Points'. Below that are two checkboxes: 'Give this Publication Priority in the Faculty Directory' and 'Do NOT Publish This Activity to the Faculty Directory'. A red arrow points to a dropdown menu labeled 'Which area of your assigned effort does this impact?'. The dropdown is open, showing the following options: Teaching, Research/Scholarship, Service, Clinical, and Administrative. Below the dropdown is a text input field for 'Position/Role'.

Remember: You do not need to go through Manage Data to run the Annual Evaluation report; however, if you wish to edit PACT information on behalf of a faculty member, you will need to manage their user account:

The screenshot shows the 'Manage Data' utility. At the top, there is a navigation bar with 'Activities', 'Reports', and 'Tools'. Below this, there is a dropdown menu for 'Activities' with 'Manage Activities' and 'Manage Data' options. A red arrow points to 'Manage Data'. Below this, there is a section for 'Manage Data for Users' with a radio button selected. There is a text input field for 'User' with a dropdown arrow and a 'Continue' button. Below this is a 'Show' dropdown menu with 'Enabled Accounts only' selected. At the bottom, there is a radio button for 'Manage Administrative Data for Users'.

If you have any other concerns or issues, please contact the DMAdmin (Erika Grimm) for assistance: dadmin@augusta.edu or 721-6341.
