b) select your citation format if you wish

4) Click “Run Report” in the upper right corner of the screen.

5) Your report will download in MS Word format. You may now edit your report as needed with the exception of your goals. (Goals were agreed upon and approved by you and your chair last year).

IMPORTANT NOTE: Faculty are responsible for deleting information that is not relevant from this report.

Your report is created in MS Word format. If you have multiple goals under one area--for example, 3 teaching goals—all your teaching information will be present under the first goal. The system has no way to sort which teaching information goes with which teaching goal. **You should copy and paste the relevant information from goal 1 into your other related goals as needed and delete any remaining information that is not applicable to goal 1.**

6) When you are ready to save the form, save it as a word file using the naming format:

Last Name_First Name_EvalFY23c.docx

If your report is blank, please double-check that there are goals for 2022-2023 in PACT and that the correct start and end dates were used for the report.

If you have any difficulty or questions concerning this process, please contact Erika Grimm at DMADMIN@augusta.edu.
