

From Goss Lane, turn right into the employee parking garage, and use the lower level side of the entrance (on the left). You will stay on ground level, not go up the ramp. Follow the path along the rows of parking spots (as indicated with the red arrows) driving around the lower level of the garage to find the spot reserved for TEDDY (with the sign pictured on the left). Walk straight out the row you parked in toward the word "Exit" on the map, and please call our office at 706-721-4161. We can meet you at the side door, or you can walk around to the front of the building as usual and security will contact us!
