

First Name	Last Name	Project Name	Faculty Advisor(s) with credentials
Alisha	Nam	Examining D-Dimer Levels to Assess the Efficacy of COVID-19 Vaccines in Reducing the Disease Severity of Hospitalized Patients: A Study from a Large-Scale Healthcare System in Georgia	Scott Wise, MS, MLS(ASCP)SBB Tran Nguyen
Maya	Giddens	A Comparison of Cartilage Biomarkers in Females With and Without Patellofemoral pain	Tiana Curry-McCoy, PhD, MPH, MPA Lori Bolgla
Caitlin	Settle	Peripheral liver biomarkers in pediatric B-cell acute lymphoblastic leukemia during chemotherapeutic treatment at Children's Hospital of Georgia (CHOG): A 12-year retrospective chart review	Jeane Silva, PH.D., MPA, EDS, MB(ASCP)CM
Alyssa	Zopff	Comparison of Simple and Exchange Transfusion on Alloimmunization Rates using Phenotypically Matched Blood in Patients with Sickle Cell Disease	Scott Wise, MS, MLS(ASCP)SBB
Jamie	Vansaghi	Utilization of the Erythrocyte Sedimentation Rate and C-Reactive Protein in the Emergency Department	Brandy Gunsolus DCLS, MLS(ASCP)CM Brett M. Rice, MHS, MLS(ASCP)SH, SCYM
Elizabeth	Smith	Examining D-Dimer Levels to Assess the Efficacy of COVID-19 Vaccines in Reducing the Disease Severity of Hospitalized Patients: A Study from a Large-Scale Healthcare System in Georgia	Scott Wise, MS, MLS(ASCP)SBB Tran Nguyen
Madelyn	Overton	A Comparison of Cartilage Biomarkers in Females With and Without Patellofemoral pain	Tiana Curry-McCoy, PhD, MPH, MPA Lori Bolgla
Elvia	Encarnacion-Thomas	The Association of Positive Blood Cultures to Procalcitonin Levels in Patients with Sepsis	James Bryan II, DHS., MS, MT(ASCP) Giti Bayhaghi, MS, MT(ASCP)

			Brittany Ange
Jeremiah	Oh	The Association of Positive Blood Cultures to Procalcitonin Levels in Patients with Sepsis	James Bryan II, DHS., MS, MT(ASCP) Giti Bayhaghi, MS, MT(ASCP) Brittany Ange
Sophia	Casey	Peripheral liver biomarkers in pediatric B-cell acute lymphoblastic leukemia during chemotherapeutic treatment at Children's Hospital of Georgia (CHOG): A 12-year retrospective chart review	Jeane Silva, PH.D., MPA, EDS, MB(ASCP)CM
Mariela	Serrano-Villeda	The Association of Positive Blood Cultures to Procalcitonin Levels in Patients with Sepsis	James Bryan II, DHS., MS, MT(ASCP) Giti Bayhaghi, MS, MT(ASCP) Brittany Ange
Hakima	Laourai	Utilization of the Erythrocyte Sedimentation Rate and C-Reactive Protein in the Emergency Department	Brandy Gunsolus DCLS, MLS(ASCP)CM Brett M. Rice, MHS, MLS(ASCP)SH, SCYM
