

Clinical Advances in a Restorative Practice

May 26-28, 2018

Presented by **The Dental College of Georgia** at Augusta University and the **Division of Professional and Community Education** at The Omni Hilton Head Oceanfront Resort, Hilton Head Island, South Carolina

AUGUSTA UNIVERSITY

Professional and

Community Education

PURPOSE

This course is designed to bring together the art and science of clinical and esthetic dentistry and will focus on many of the clinical issues we deal with daily in our practices from treatment planning to material selection to execution. Criteria for selection of clinical materials will be discussed based on evidence-based information, not on marketing claims. Additionally, an update on Zirconia materials will be provided: is it the universal restorative material? This program promises to provide a potpourri of clinically relevant topics that we as clinicians can implement immediately into our practices to improve the quality of patient care and satisfaction.

OBJECTIVES

Following completion of this program, the participant should be able to:

- *Discuss principles used to diagnose, plan and treat esthetic smile design cases*
- *Discuss cases that can be treated versus when it is better to refer cases for multidisciplinary coordinated care*
- *More effectively communicate with patients to ensure the desired result*
- *Select the appropriate materials to stock in each practice based on unique patient population*
- *Select the best light curing equipment and curing methods for restorative materials*
- *Distinguish the clinical needs of different populations in each practice to customize treatment planning, care and maintenance*
- *Recognize the advantages and disadvantages of each restorative material, including new concepts such as bioactivity, smart materials, bulk placement and treatment of xerostomia*
- *Highlight the indications and limitations of Zirconia in respect to other ceramic materials*

SPECIAL NEEDS

The Division of Professional and Community Education at Augusta University complies with the Americans With Disabilities Act. If you require special services, facilities, or dietary considerations (vegetarian or otherwise) to support your participation in this continuing education program, please notify the conference coordinator before the course at 800-221-6437 or 706-721-1447

REGISTRATION

Fees	Before April 26	After April 26
Dentists	\$545	\$595
Staff	\$295	\$345

**Please register online
via credit card at:**

**For questions or registering
via check please call
706-721-1490**

The registration fee, less a \$125 administrative charge, is refundable if notice of cancellation is received by Friday, May 11, 2018.

Augusta University is not responsible for any circumstance making it impossible to attend their continuing education courses due to acts of God, war, government regulations, disaster, strikes, civil disorder or curtailment of transportation facilities. If Augusta University cancels a continuing education activity you will be refunded your registration fee.

GUEST FACULTY

Charles Wakefield, DDS, MAGD, ABGD, FICD, FACD, graduated from UCLA School of Dentistry and completed a two year AEGD Residency during his 21 year US Army career. He is Board Certified by the Federal Services and American Boards of General Dentistry and is a Fellow of the American and International Colleges of Dentistry. He has been the Director of AEGD programs at Fort Benning, Georgia; Fort Hood, Texas and Medical University of South Carolina. He holds the Surgeon General's "A" designator and is an Adjunct Professor of Comprehensive Dentistry at the Uniformed Services University of the Health Sciences and was a tenured Professor and Director of the AEGD Residency Program at Baylor College of Dentistry, Dallas, Texas from 1995-2015. Currently, he is in private practice in Lewisville, Texas with his son, Brian Wakefield, DDS, FAGD.

AUGUSTA UNIVERSITY FACULTY

Barry D. Hammond, DMD, Course Director, earned his dental degree from the Medical University of South Carolina and completed a general practice residency in Chapel Hill, N.C. He maintained a private practice for 15 years, emphasizing restorative and esthetic dentistry. Dr. Hammond is an L.D. Pankey Institute alumnus and taught for several years with the Ross Nash Institute for Dental Learning in Charlotte, N.C. He joined the AU faculty in 2006 and is a Professor in the Department of General Dentistry and serves as the Director of Dental Continuing Education for The Dental College of Georgia at Augusta University.

Ahmed Zaher, BDS, MSD, FRCDC, FICOI, Assistant Professor in the Department of Restorative Sciences. He received his dental degree at Faculty of Dentistry, Alexandria University, Egypt. He completed his prosthodontics residency at Louisiana State University, School of Dentistry. He is a fellow of the Royal College of Dentists of Canada. His teaching and research interests include fixed and removable prosthodontics, implant prosthodontics, and ceramic materials.

CONFERENCE SCHEDULE

Saturday, May 26, 2018

7:15 a.m. **Continental Breakfast**

7:45 a.m. **Welcome and Introduction to Course** - Dr. Hammond

8:00 a.m. **Smile Design for the General Dentist** - Dr. Wakefield

This lecture will present principles, planning guidelines and clinical treatment of creating an esthetic result in cases with varying presentations. In addition to discussing the broken-down dentition, problems with vertical dimension and interocclusal distance, and excessive gingival display will be discussed. Application of techniques will be illustrated to create pleasing clinical results that can be accomplished within the general dental practice.

10:00 a.m. **Break**

10:15 a.m. **Smile Design for the General Dentist** (continued)

12:15 p.m. **Adjourn**

Sunday, May 27, 2018

7:15 a.m. **Continental Breakfast**

7:45 a.m. **What's New in Restorative Materials? - A Lot** - Dr. Wakefield

This lecture will review the current confusing array of restorative materials and clarify the rationale for the selection and clinical use of the most appropriate material in varying clinical situations. The contradictions between marketing and evidence-based information will be made clear. Review and updates on composites, bulk cure technique, core materials, light curing, adhesives, glass ionomers, xerostomia and biocompatibility of materials will be discussed in detail.

9:45 a.m. **Break**

10:00 a.m. **What's New in Restorative Materials? - A Lot** (continued)

12 Noon **Adjourn**

Monday, May 28, 2018

7:15 a.m. **Continental Breakfast**

7:45 a.m. **Zirconia...Material Update** - Dr. Zaher

During the last decade, zirconia ceramic material has been used extensively in different restorative aspects in dentistry; from single crowns to full arch restorations. Is zirconia the universal restorative material or does it still have some limitations? This lecture will discuss the restorative potentials of zirconia including tooth and implant-supported restorations, and highlights its limitations with respect to other restorative materials

9:45 a.m. **Break** (Please check out of the resort at this time)

10:00 a.m. **Zirconia...Material Update** (continued)

11:45 a.m. **Questions and Answers**

12 Noon **Adjourn**

TARGET AUDIENCE

Dentists, auxiliaries, other dental professionals

COMFORT ZONE

Although every effort is made to have a comfortable temperature in the meeting room, we realize everyone's comfort zone is different. Please bring a jacket or light wrap in case the room is too cool for your comfort.

CREDIT

The Dental College of Georgia at Augusta University is an ADA CERP Recognized Provider.

ADA CERP® | Continuing Education Recognition Program

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp

The Dental College of Georgia at Augusta University designates this activity for 12.25 continuing education credits. 01/01/18-12/31/21. The formal continuing education programs of this program provider are accepted by AGD for Fellowship/Mastership credit. The current term of acceptance extends from 01/01/18-12/31/21.
