Professional and

Community Education

COURSE DIRECTOR

Barry Hammond, DMD

GUEST LECTURER

Marcos Vargas, DDS, MS attended Cayetano Heredia University School of Dentistry in Lima, Peru and graduated in 1985. He spent two years, 1990 to 1992, in the AEGD program at the Eastman Dental Center in Rochester, New York. Dr. Vargas received his Certificate and Masters Degree in Operative Dentistry in 1994 at the University of Iowa

where he is currently a Professor in the Department of Family Dentistry. His primary research interests are in the area of dental materials including glass ionomers, dentin bonding, composite resins, and esthetic dentistry. Dr. Vargas is also recognized for his expertise in Direct Restorative Treatment Procedures and conducts numerous lecture and hands-on seminars in the US and internationally. Dr. Vargas has published extensively in the area of dental adhesion and resin composites for over 25 years. He maintains a private practice limited to Operative Dentistry with an emphasis on aesthetic dentistry.

ABOUT

The Marvin C. Goldstein Lecture Series

Dr. Marvin C. Goldstein was a noted Atlanta orthodontist and philanthropist who for 20 years sponsored an internationally renowned dental clinician to lecture at the Medical College of Georgia School of Dentistry. Dr. Goldstein believed the integrity of the dental profession could best be preserved by promoting clinical excellence and sharing information with colleagues. Following his death in 1997, Mrs. Rita (Goldstein) Wolfson arranged to perpetuate her husband's contributions to the dental profession through a gift to Augusta University that will continue to support the Annual Goldstein Lectureship. Augusta University and the dental profession continue to be served through the generosity of the Goldstein family.

TARGETED AUDIENCE

This program is designed for dentists and auxiliaries.

PRESENTED BY

The Goldstein Family, The Dental College of Georgia at Augusta University and the Division of Professional and Community Education

LOCATION/LODGING

The program will be held at the Augusta Marriott at the Convention Center, 2 Tenth Street, Augusta, Georgia. For reservations at the Marriott, call 706-722-8900 and identify your group as "Augusta University Goldstein Program" to receive the special rate of \$134.00. Our block of rooms will be released after April 12, 2018.

SPECIAL NEEDS

The Augusta University Professional and Community Education complies with the Americans with Disabilities Act. If you require special services, facilities or dietary considerations (vegetarian or otherwise) to support your participation in this continuing education program, contact the conference coordinator at 800-221-6437 or 706-721-3967.

COMFORT ZONE

Although every effort will be made to have a comfortable temperature in the meeting room, we realize that everyone's comfort zone is different. Please bring a jacket or light wrap in case the room is too cool for your comfort.

REGISTRATION INFORMATION

The registration fee is \$195 and includes lunch. After April 13, 2018, there will be no refunds for cancellations.

Please register online via credit card at:
augusta.edu/ce/dentalce/2018/goldstein.php

For questions or registering via check,
please call 706-721-1490

**We Gratefully Acknowledge the

COURSE DESCRIPTION

Direct resin composites are a very important and integral part of every general dental practice. These restorations provide patients with minimally invasive restorations that preserve tooth structure while providing esthetics, longevity and function. Additionally, they are personally rewarding and can be cost effective when performed efficiently. However, dental practitioners face difficulties while bonding and placing these restorations. This presentation will provide tips and techniques for predictable and sensitivity-free bonded restorations in daily practice. It will provide guidelines for shade selection, cavity preparation, layering style, achieving proximal contacts, and contouring and polishing to obtain functional and esthetic restorations. A step-by-step approach will be used to present how to achieve excellence in bonding and in various direct restorations including, Class IVs, diastema closure and direct veneers. Numerous cases will be illustrated demonstrating the techniques described to allow the practitioner to implement high quality direct composite resin restorations into their practice.

COURSE OBJECTIVES

At the completion of this course, the participant should be able to:

1. Appropriately utilize adhesives to obtain sensitivity-free restorations.
2. Select an appropriate direct resin composite for esthetic restorations and recognize when to use a single shade versus multiple shades to achieve the desired result.
3. Produce ideal proximal contacts, shape, and texture in anterior restorations.

CREDIT

ADA CERP® | Continuing Education
Recognition Program

The Dental College of Georgia at Augusta University is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp

The Dental College of Georgia at Augusta University designates this lecture activity for 5.5 continuing education credits. 01/01/18-12/31/21

The formal continuing education programs of this program provider are accepted by AGD for Fellowship/Mastership credit. The current term of acceptance extends from 01/01/18-12/31/21.
