MCG's 2018 Statewide Faculty Development Conference

Jekyll Island, GA

Thursday June 7th – Saturday June 9th

What Medical Students Need to Know: Beyond Books, Classes, and the Academic Health Center

Goal - Promote excellence in teaching at MCG by recognizing, supporting, and enlisting all MCG faculty in that endeavor - One MCG.

Overall Educational Objectives: At completion of these activities, the participant should be able to:

- List aspects of teaching in community settings that supplement training that occurs at MCG's campuses where Phase 1 and 2 training occurs.
- Identify how MCG's medical education mission aligns with Georgia's public health needs.
- Identify basic and advanced teaching methods that enhance learning.
- Identify aspects of the medical education curriculum that are being addressed by various specialties.
