

Each AHEC Center is a community-driven, non-profit corporation supported by federal and local assistance. Each AHEC in Georgia will look a little different based on individual funding opportunities as well as needs of the communities they serve in their particular region of the state.

Georgia AHECs can assist students with the following:

- Housing or housing stipends (in metro Atlanta area)
- Travel stipends (if no housing or housing stipend is provided)
- Support while on rotation
- Financial aid information
- Orientation and information about local community

NOTE: Funding for AHEC housing locations, housing stipends and travel stipends are based on state and federal dollars as well as community partnerships and grant opportunities. Changes to housing availability, housing locations, and stipend allotments can occur during the academic year based on those funding sources.
