Category: Miscellaneous

Technical Standards Attestation Tracking

The Medical College of Georgia maintains Technical Standard for Admission, Matriculation, Continuation, and Graduation. All students acknowledge receipt of these standards by completing an attestation statement sent to them by the Office of Admissions at the time of acceptance.

Upon matriculation in July and then on an annual basis in July, all students are asked to review the Technical Standards and to attest to the receipt of these standards. Record of these attestation statements are maintained by the Office of Student Affairs.
