

Daniel Kaminstein, MD, DTM&H, FACEP  
Associate Professor, Emergency Medicine  
Director, Global Health and Ultrasound Development

**Appointment Date: 2016**

Dr. Kaminstein is a graduate of Thomas Jefferson University. He completed his emergency medicine residency at the Medical College of Georgia in 2010. Following residency, he pursued dual fellowship training in both ultrasound and international medicine at MCG. He received a diploma in tropical medicine from the London School of Tropical Medicine and Hygiene in 2011. After working in community practice for the past four years, Dr. Kaminstein joined the faculty of Augusta University in January of 2016 to serve in a clinician educator role. He is extensively involved in ultrasound training and research globally and serves as co-director of several ultrasound training courses in Africa and South America. His primary research interest is the application of ultrasound in the evaluation of tropical infectious diseases. As a member of the Center for Ultrasound Education he remains passionate about advancing clinician ultrasound both in the United States and around the globe.

**Specialty Focus:** International Medicine, Ultrasound
