	EXPLANATIONS and FORMAT			
	<u>F and L</u> : chapter review form text(can be in question /discussion format)			
	<u>Procedure Review</u> refers to procedures by title in our procedure text: review with group			
	<u>Lecture</u>: present in formation in lecture format with slides or otherwise <u>30-40 minutes in length</u>			
	<u>Simulation</u> are excercises with assigned leader and player to develop teamwork and evaluate knowledge and syntheses			
	<u>Critique and Critical</u>: assigned fellow along with faculty choose some critical articles associated with system to address and at least one new article to evalute in true journal club format			
	<u>Section Meeting</u> will occur at someone's home (administrative meeting for section members and social time) or else			

	<u>Lecture</u>: is about a 30 to 40 min lecture presented to the group with powerpoint generally				
	<u>Fellow Board Review</u>: Question format using resources - usually run by chief fellow				
	<u>Chief Sessions</u>: led by chief fellow: venue for interesting cases, discussion of administrative or clinical issues
