Subject: Annual Meeting Follow Up; Dr. Jillella's Optimistic Oncologist Award

Thanks to those of you who were able to attend last week's annual meeting. Dr. Ahmed's presentation was nothing short of amazing (he talked extemporaneously without slides). Dr. Jillella gave an update on the APL study which began in Georgia and has now been activated through ECOG-ACRIN – his slides are also attached. Dr. Pippas presented Dr. Jillella with Georgia CORE's first Optimistic Oncologist Award for his highly successful research and the national roll out of EA9131. Please congratulate Anand for this extraordinary accomplishment and well deserved award.

Have a safe holiday! Best regards, Nancy
