

**TEMPORARY POSTGRADUATE TRAINING PERMIT
TRAINING PERMIT PROCESS – INFORMATION FOR APPLICANTS**

The Medical Board’s Licensing Section works to protect the consumer through the proper review and licensing of physicians (MDs and DOs). The comprehensive review of an application provides that licensees have the requisite qualifications and education credentials per Georgia law so that they may practice medicine.

While the licensing staff understands the sense of urgency experienced by each applicant, they are responsible for reviewing many files and staff cannot complete the review of a file if the required documentation is missing. It is imperative for applicants to understand that the review process is guided by the requirements set for in State law, which does not provide for any waivers to be granted by staff.

1. We will discuss the application status with the applicant and Program Director ONLY associated with the temporary training permit.
2. Applications are reviewed in the date order of receipt.
3. Applicants should submit all required documentation as soon as possible; however, without both the application and fee, staff cannot begin the initial review process.
4. All fees are **nonrefundable**.

Once an application for a temporary residency-training permit has been received, staff must complete the initial review within **30** days. The applicant is then notified in **writing** of the application status and given an itemized list of documents needed to complete the file (if required).

A \$100.00 **nonrefundable** fee should be submitted along with your application. Board regulations require you to keep the Medical Board informed of changes in address for mailing and work, and associated phone numbers. Please use the checklist below to ensure that you have enclosed all the required documents:
