Participation in Commencement

Policy Manager: Office of Vice Provost for Instruction

POLICY STATEMENT

The following policy defines the requirements that must be met in order for students to participate in commencement exercises.

Augusta University (“AU”) normally holds two commencement ceremonies each year, following the fall semester and spring semester. AU students who have completed all requirements by the end of the spring semester are only eligible to participate in the Spring Commencement. Students completing all requirements at the end of the summer or fall semester are only eligible to participate in the Fall Commencement. Any exceptions to the policy must be approved in writing and are at the discretion of the Provost.

Students wishing to participate in commencement must complete the graduation application by the published deadline for the semester prior to the commencement ceremony and pay the graduation application fee.

This policy is to establish a clear understanding of who is eligible to participate and the conditions for participation in commencement at AU.

PROCESS & PROCEDURES

Students who have an active application for graduation and who are enrolled in all courses to satisfy their degree requirements but who after midterm fail to satisfy requirements for degree completion may be allowed to participate in the ceremony but will not receive a diploma or graduate until all requirements are met.

The request for an exception must be made in writing on the appropriate form to the Office of the Registrar no later than March 1st for the Spring Commencement or October 1st for the Fall Commencement. (The exception form for the Participation in Commencement policy is available in the Registrar Form Repository.)

The following Pre-Approved Exceptions to participation in commencement (no request to the Provost needed):

Graduate and professional students completing lockstep curriculum in the following programs are eligible to participate in the Spring Ceremony only:

- Master of Health Science in Occupational Therapy
- Master of Physician Assistant
- Doctor of Physical Therapy
- Doctor of Dental Medicine
- Doctor of Medicine

Undergraduate or graduate students participating in the Study Abroad Program in their last year before graduation are eligible to participate in either the Spring or Fall Commencement (with confirmation by an academic advisor) regardless of completion date. A participation form must be on file in the Office of the Registrar.

Additional exception for Provost approval:

AU will consider other exceptions to this policy, but does not guarantee approval, under the following circumstances:

- The remaining degree requirements must include no more than 12 hours of credit. (This must be documented by the Office of the Registrar's degree audit.)
- The student must be able to complete all remaining degree requirements in time for degree conferral in the next commencement ceremony.
- The request must include a specific academic plan for completion of all degree requirements.

The Vice Provost for Instruction will consider all appeals and make recommendations to the Provost, who has authority for final approval. Requests will be considered on a case-by-case basis.

If a student is approved to participate in commencement as an exception, the student's name may not appear in the commencement program; however, the usual traditions will be performed during the ceremony for the student. A student who participates as an exception may not participate in a second commencement for the same degree.

The effective date of this policy will be July 1, 2021.
