Candidate AU Email:____________________________________  Leadership Program Type:______________________

Clinical Practice Mentor Name:___________________________  Mentor Certification ID#_____________________

The Georgia Professional Standards Commission (GaPSC), the state educator certification body, requires candidates seeking leadership certification in the state of Georgia to document the clinical practice (field experience) clock-hours completed during their program preparation. Clinical practice must include field experience activities and assignments across that allow candidates to observe educational leaders at all levels – elementary, middle, high school, and central office. It is the responsibility of each candidate to document and provide evidence of clinical practice experiences (in scope, diversity, and increasing complexity) by submitting:

1. a signed original copy of this attestation form and

2. a signed Clinical Practice Plan (please see next page).

Both documents must be verified by the candidate’s clinical practice mentor (who must be a certified educator actively employed in a leadership position in a P-12 school or LUA) and their Augusta University (AU) faculty supervisor. A Clinical Practice Attestation Form must be submitted at the beginning of the first semester of clinical practice. If the candidate changes mentors during their clinical practice, a new attestation form must be submitted. A Clinical Practice Plan must be submitted twice: at the beginning of first semester of clinical practice and again at the beginning of the last semester of clinical practice.

Candidate Attestation:
I attest that I have read and understand the above statements and that the information provided in this attestation, as well as in the attached Clinical Practice Plan, is true and accurate. I understand that if, for any reason, my employment is changed or terminated, it is my responsibility to inform my clinical practice mentor and my AU faculty supervisor.
