The following performance standards, performance rubrics are taken from the Teacher candidate Assessment on Performance Standards (TAPS), a component of the official teacher candidate evaluation system in Georgia. Additional performance indicators at the proficient level have been added for some standards and are in italics and highlighted. The rubrics have NOT been modified; however, examples of evidence for teacher Candidates have been provided. Teacher Candidates are expected to perform at a minimum at the “Needs Development” and should aspire to perform at the “Proficient” level for most standards. It is expected that teacher candidates will develop during the induction years and continue to move up the continuum of performance.

Performance Standard 1: Professional Knowledge			
<i>The teacher candidate demonstrates an understanding of the curriculum, subject content, pedagogical knowledge, and the needs of students by providing relevant learning experiences.</i>			
Performance Indicators at the Proficient Level			
1.1 Addresses appropriate curriculum standards and integrates key content elements.			
1.2 Facilitates students’ use of higher-level thinking skills in instruction.			
1.3 Demonstrates ability to link present content with past and future learning experiences, other subject areas, and real-world experiences and applications.			
1.4 Demonstrates accurate, deep, and current knowledge of subject matter.			
1.5 Exhibits pedagogical skills relevant to the subject area(s) taught and best practice based on current research.			
1.6 Bases instruction on goals that reflect high expectations for all students and a clear understanding of the curriculum.			
1.7 Displays an understanding of the intellectual, social, emotional, and physical development of the age group.			
Performance Rubrics			
<input type="checkbox"/> Exemplary	<input type="checkbox"/> Proficient	<input type="checkbox"/> Needs Development	<input type="checkbox"/> Ineffective
The teacher candidate continually demonstrates extensive content and pedagogical knowledge, enriches the curriculum, and guides others in enriching the curriculum. (Teacher candidates rated as Exemplary continually seek ways to serve as role models or teacher leaders.)	The teacher candidate consistently demonstrates an understanding of the curriculum, subject content, pedagogical knowledge, and the needs of students by providing relevant learning experiences.	The teacher candidate inconsistently demonstrates understanding of curriculum, subject content, pedagogical knowledge, and student needs, or lacks fluidity in using the knowledge in practice.	The teacher candidate inadequately demonstrates understanding of curriculum, subject content, pedagogical knowledge and student needs, or does not use the knowledge in practice.

Georgia Intern Keys Effectiveness System Candidate Assessment on Performance Standards

The following performance standards, performance rubrics are taken from the Teacher candidate Assessment on Performance Standards (TAPS), a component of the official teacher candidate evaluation system in Georgia. Additional performance indicators at the proficient level have been added for some standards and are in italics and highlighted. The rubrics have NOT been modified; however, examples of evidence for teacher Candidates have been provided. Teacher Candidates are expected to perform at a minimum at the “Needs Development” and should aspire to perform at the “Proficient” level for most standards. It is expected that teacher candidates will develop during the induction years and continue to move up the continuum of performance.

Performance Standard 6: Assessment Uses			
<i>The teacher candidate systematically gathers, analyzes, and uses relevant data to measure student progress, to inform instructional content and delivery methods, and to provide timely and constructive feedback to both students and parents.</i>			
Performance Indicators at the Proficient Level			
6.1 Uses diagnostic assessment data to develop learning goals for students, to differentiate instruction, and to document learning.			
6.2 Plans a variety of formal and informal assessments aligned with instructional results to measure student mastery of learning objectives.			
6.3 Uses assessment tools for both formative and summative purposes to inform, guide, and adjust instruction.			
6.4 Systematically analyzes and uses data to measure student progress, to design appropriate interventions, and to inform long- and short-term instructional decisions.			
6.5 Shares accurate results of student progress with students, parents, and key school personnel.			
6.6 Provides constructive and frequent feedback to students on their progress toward their learning goals.			
6.7 Teaches students how to self-assess and to use metacognitive strategies in support of lifelong learning.
