IMPORTANT TERMS

- **Subsidized Direct Loan:** A loan that the federal government pays interest on during in-school status, grace periods and authorized deferment periods. To qualify for a subsidized Direct Loan, you must demonstrate financial need.
- **Unsubsidized Direct Loan:** A loan that you are responsible for paying the interest on during in-school status, grace periods and authorized deferment periods. You have the option of postponing interest payments while in school. However, the interest continues to accrue and any unpaid interest will be capitalized (added to the principal balance) as you enter repayment.
- **Fees:** A 1.0% loan origination fee is deducted from each disbursement.
- **Interest Rates:** The current interest rate is 3.4% for subsidized and 6.8% for unsubsidized loans. Interest rates are federally regulated and are subject to change.
- **Return of Title IV Aid:** If a recipient of Title IV aid withdraws during a payment period (or a period of enrollment), the school must calculate the amount of aid the student **earned** up through the date of last attendance. Unearned aid (including loans) must be returned to the Title IV programs. Title IV aid includes Pell Grant, SEOG, Federal Direct and Federal PLUS loan programs. When a student withdraws before completing 60% of the semester, a calculation of return of funds will be performed. When it is necessary to return loan funds, ASU is required to return the money that was disbursed to the student and the student will be required to reimburse ASU for the repayment amount.
- **Default:** Default is failure to pay your loan back according to the terms disclosed on your promissory note. You are in default of your Direct Loan if your payments are more than 270 days past due or if you fail to comply with all other terms of the loan. When this happens, any or all of the following may occur: the default will be reported to national credit bureaus, recorded on your permanent credit record, and can significantly and adversely affect your credit history; you may be subjected to legal action by the holder of the loan; your wages may be garnished; you will be unable to get additional federal or state financial aid — including student loans.
