UPDATING ADVISORS ON A STUDENT RECORD IN BANNER

PROCESS

The academic department in which the student resides is responsible for adding Advisors to each student in Banner. Academic programs will need to add Advisors for the faculty/staff member to have access to those students in JagTrax. Advisors can be added for a future term that advisement will begin or for the current. Additionally, advisors can be listed through the expected graduation date by ending the advisor for the appropriate expecting term. Following the instructions to remove an advisor for the expected end term will prevent the need to remove advisors from each student record at the time of graduation.

RESPONSIBILITIES

ACADEMIC PROGRAMS

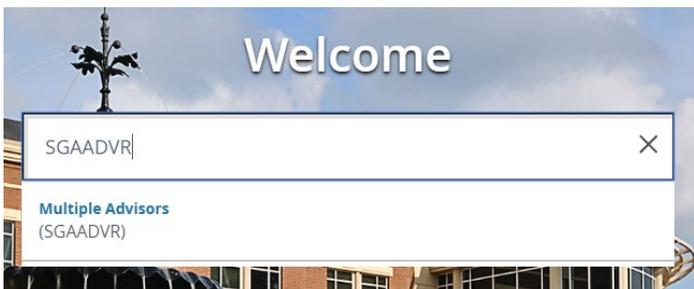

Academic programs are responsible for maintaining the list of advisors a student record in Banner to prevent any lapse in JagTrax audit availability. Each program is responsible for requesting maintenance access to SGAADVR. If this was not included in the previous Banner access request, please submit an updated form.

REGISTRAR'S OFFICE

The Registrar's Office will provide support and help troubleshoot for academic programs.
