

Getting Results through Individual and Organizational Accountability

Course Description

There is a need for more accountable organizations, teams, and individuals. Accountability produces results and provides a sturdy foundation on which to build long-lasting solutions. Results come from people who accept accountability for achieving them. This course will provide an overview of principles to help people become more accountable for their thoughts, feelings, actions, and results.

Target Audience

This course is intended for all employees.

Course Objectives

- Discuss the importance of focusing on results
- Understanding the power of individual accountability
- Learn how to get results through collective accountability
