Minutes of the University Libraries Assembly
March 15, 2016, 2:30 p.m. – 3:30 p.m., JSAC Hardy Room

Call to Order: 2:30 P.M.

1. Approval of Minutes
   a. The December Assembly minutes were approved. First: Bandy; Second: Verburg.

2. OLD Business
   a. Peer Review of Teaching (Verburg)
      i. The committee (Verburg, Hackman, Bandy, and Shipman) is continuing to review articles and will meet after Spring Break to develop a proposal. The committee will create a draft peer-review form by fall (date tentative).
   b. Revision of library bylaws (Ballance)
      i. Verburg and Ballance will meet and discuss areas that need to be updated, specifically to identity what areas that need to be updated to accommodate an alternate Senator and to ensure that our bylaws are in accordance with university bylaws. The assembly should aim to have the bylaws revised by June 22nd.
      ii. Davies reported on the concern of dropping below the required number of faculty members for a second senator. After discussion with the executive board, the number of senators is dependent on the number of people and not positions; therefore the Libraries Assembly will not qualify for a second senator until fall 2016.

3. NEW Business

appropriate Senate Committee to review and make recommendations to the Senate as
to changes needed.

3. Reduction in Workforce Policy has been sent back to HR for a rewrite, dividing it into
two policies: staff and faculty. The staff part won’t call for faculty review, and the
faculty part will need to be consistent with policies addressing tenure / tenure track /
non-tenured faculty. The latter will require a faculty review (presumably by the Rights
and Responsibilities committee) and Senate approval once the rewrite is completed.

4. Credentialing of Faculty Policy. Policy was sent to the Senate Curriculum and
Academic Policies committee for review. It will need a Senate vote to forward it back to
the Policy Management Group either as written, or with recommended changes.

5. Promotion and Tenure Policy. Policy Draft has been sent to the Senate P&T
Committee. That committee needs to approve it or recommend changes, and in either
case bring it up to the Senate for a vote. Then it will be forwarded back to the Policy
Management Group like the policy above.

6. The Senate Dispute Resolution and Grievance committee is working with Human
Resources to make changes to the faculty grievance process. There is a draft HR Policy
on the topic under review.

**Bylaws & Statutes:** Scotty Scott and Chris Sligar reported: Working on three tasks: (1)

Updating the Statutes to conform with the most recent Bylaws approved changes (and the
name change), and will send them to the Executive Committee for proofreading and further
routing, for Presidential approval. We hope to get them back to the Executive Committee by
January 22nd. (2) Coordinating a timeline for this semester’s Bylaws changes, including posting
on the web and faculty vote. We know of changes that the Grievance Committee and the P&T
Committee are each working on; if any other committees or Senators have recommended
changes, please send them to the Governance & Communication Committee and we will
coordinate with the Executive Committee. (3) Coordinating with the P&T Committee about
the mechanism and timeline to approve the changes to the P&T Guidelines.

**GRU Faculty Manual:** Scotty Scott reported.

The manual is still on hold due to the change of the university name to Augusta University and
the many changes associated with the re-naming.
**Nominations & Elections:** Scotty Scott reported.

There are still several unfilled committee positions which MJ Weintraub will continue to work on. In addition to filling current vacancies, there are two types of votes needed during spring semester:

1. University-wide Senate positions coming vacant at the end of the semester, *i.e.* Vice Chair, Secretary, Treasurer, and At-Large Senate positions completing two years in office.
2. College-wide positions for University Senators and University Committee members (generally 2 per college) that are completing two years in office.

Both of those types of elections will need to be completed this semester. We are going to brief the Executive Committee at their 1/25 meeting, with recommended timelines for the nominations / vetting / voting etc.

**Intrafaculty Communication:** Terri Sasser reported.

The subcommittee are meeting with Jack Evans, Vice President of Department of Communication and Marketing (DCM), as well as with his staff to continue developing two things:

1. A hierarchy of listserv addresses for departments / colleges / campus / university-wide emails, to facilitate intrafaculty communications;
2. The Augusta University policy on social media that is currently being worked.

Both will be worked in consonance with setting up the new “augusta.edu” email and web system.

**New Business**

Scotty Scott asked that we consider a possible recommendation to restructure this committee perhaps next Academic Year, to separate out Governance and Communications – and perhaps combine Communications with the IT portion of the current BAITUR committee. No immediate action required.

A question arose regarding which Senate Committee, or Senate Committees, are involved in the faculty evaluation process, including forms to be used etc.? It ought not to be just HR with no faculty input. Should the lead Senate Committee be Faculty Development, or Faculty Rights and Responsibilities, or Promotion & Tenure? Is there sufficient interest in the topic to call for
a “Faculty Forum” or other meeting, to go over the Faculty Evaluation process? Scotty Scott will coordinate with other Committee chairs to brainstorm the issue.

Next meeting: Scotty will send out a Doodle poll to identify a date the last week of January. Meeting will be on the Health Sciences campus.

Meeting adjourned at 1:35 p.m.

| **Subcommittee Reports** | **Faculty Evaluation of Administrators**: Barb Mann reported:  
The subcommittee met on January 13, 2016, and discussed the replies to questions received via email from Susan Norton, Augusta University Enterprise Vice President, Human Resources. See the attached report from the subcommittee for further details. Barb said that a meeting was scheduled to talk with Ms. Norton on Wednesday, January 27, 2016.  

**Augusta University Policies**: Scotty Scott reported:  
1. AU policies are being migrated to the new policy library.  
2. GRU needs to be changed to AU in all policies.  
3. Concern that policy dates will be given migration date which will require all policies to be reviewed according to this date or the date of an earlier migration to an automated system, as opposed to the maintaining the review dates actually
required, which are based on the actual date the policy was approved as a GRU policy plus three years.

**Bylaws & Statutes:** Michael Dugan reported:

1. AU Bylaws changes voted on last semester are now posted on the Senate webpage.
2. The AU Statutes changes are being reviewed by the Executive Committee. As part of the vote last semester, the faculty approved that changes made in the Bylaws also can be made in the Statutes and would not require an additional vote.

**Intrafaculty Communication:** Terri Sasser reported:

The subcommittee has not met again since the January 6th G & C meeting.

**Nominations & Elections:** MJ Weintraub and Scotty Scott reported.

1. Scotty & MJ will be meeting with the Executive Committee on January 25, 2016, at 4:00 pm to present
   a. Proposed timelines for College-Level University Senate elections. The timelines are based on the final University Senate meeting date being on April 11 or on May 2, 2016.
   b. Updated list of positions has been created & request help in filling the open positions.
   c. Consider the addition of a May Senate meeting

2. G & C will be charged with administering the vote for the Senate-level elections (Vice Chair, Secretary, Treasurer & 2 at-large senators). Scotty has reminded the Executive Committee to begin working on this.

**GRU Faculty Manual:** Scotty Scott reported.

The manual is still on hold due to the change of the university name to Augusta University and the many changes associated with the re-naming.

Minutes respectfully submitted by MJ Weintraub
Faculty Evaluation of Administrators Subcommittee Meeting Minutes

January 13, 2015 via WebEx

2pm-3pm

Members in attendance: Martha Brackett, Charles Jackson, Barb Mann (chair), Terri Sasser

The meeting focused on the replies received from Susan Norton, Vice President for Human Resources and Chief Human Resources Officer, in her e-mail dated January 6, 2016, in response to the questions sent by this committee. In discussing the responses more concerns were raised.

Concerns raised included:

- **Who is being evaluated?** Faculty will be evaluating mainly their immediate supervisor, usually department chair/director. However, there are cases when a faculty member reports to another faculty member. How do faculty in such positions have opportunities to evaluate their chairs/directors? While Ms. Norton stated there are a few questions that provide opportunities to evaluate deans and other top administrators, are there enough to provide a clear picture? How will faculty be able to provide in-depth evaluation of deans or their equivalents?

- **Terms used to describe levels of administrators are unclear:** The terminology used to delineate the different levels comes from the health sciences. In the previous survey there were reports that faculty did not understand who they were evaluating due to these titles (e.g., section chief, etc.). Terminology needs to be changed or an accompanying document of terms included as part of the survey.

- **How is anonymity/privacy protected?** An ID was assigned to each respondent and was used in the incentive campaign. How is this ID stripped out from the responses, but still able to associate with the particular department chair/director, etc.? In situations where the units/departments are small this is especially an issue to ensure no retaliation and provide the ability to be honest in responses.
• There appears to be a lag time between when survey is completed and results reported. This is a problem on all levels.

• How do the results affect evaluations of administrators by their supervisors? Ms. Norton stated that “For those administrators in shared services roles, those individuals were also included in the fall 2014 health system survey and their results were included in their 2015 performance evaluations. Performance is monitored by the immediate supervisor and so they would determine the actual methodology for addressing poor performance.” This appears to relate only to health sciences.

• How are multiple reports of bullying/hostile workplace being handled? No bullying or hostile workplace policies were found in the University policy library.

The committee decided that the chair should set up a meeting with Ms. Norton to discuss these concerns as well as ask to see the specific questions being asked about administrators and to be able to tweak the questions for the survey.

Update: Susan Norton has been in contact with subcommittee chair Barb Mann as of January 25 and Ms. Mann will be meeting with her on Wednesday, January 27, to discuss the committee’s concerns.
