Wednesday, June 21st
Noon-1pm
Dogwood Room in Terrace Dining,
Health Sciences Campus

Ralph Gillies, PhD
MCG Associate Dean for Faculty Development
Professor, Department of Family Medicine

Title
Adding Student Generated Learning Goals and Self-assessment to a Clinical Rotation

Article
Integrating Medical Students’ Goals, Self-Assessment and Preceptor Feedback in an Ambulatory Clerkship

Discussion Points
1. Does preceptor feedback correlate with student self-assessment for learning goals?
2. Does learner self-assessment improve receptivity to preceptor feedback?
3. How does accurate self-assessment (or lack thereof) impact life-long self-directed learning?
