Assistant Professor, Child and Adolescent Psychiatry

Position Details:
This position will provide child and adolescent psychiatric services for inpatient, residential and outpatient settings within the Departments outpatient clinic and at various community agencies with which the Department has contracts to provide psychiatric services. The position shares after hours and weekend on-call responsibilities with other Department child and adolescent faculty. Weekend on-call duty will involve conducting rounds at a private child and adolescent psychiatric inpatient and a residential unit. Teaching, as well as, supervision of child and adolescent fellows is involved.

Credentials Required:
MD, DO, MBBS degree, GA license eligible, BC/BE in Psychiatry, child and adolescent position requires completion of a fellowship in child and adolescent psychiatry.

Compensation Details:
Competitive salary, unparalleled benefits and PTO package including additional supplementary health and other benefits through Augusta University Medical Associates.

Additional Information (J-1 Visa Waiver Program):
The Medical College of Georgia Practice Plan is able to sponsor Conrad 30 J1 Visa waivers for foreign medical graduates wishing to stay and practice in the US and obtain a medical school faculty appointment after completing their training. The Georgia Conrad State 30 J-1 Visa Waiver Program (GA 30) affords international medical graduates (IMGs) on J-1 visas the opportunity to waive their two-year home-country physical presence requirement in exchange for three years of medical service to patients in or from medically underserved areas.

About Augusta:
Augusta, home of the Master’s golf tournament and a charming Southern city, is a superb place to live! Low cost of living, close to Georgia/Carolina mountains and South Carolina/Georgia/Florida coasts.
