

Augusta University
House Staff Policies and Procedures

Policy
HS 8.0 GME Training Program Reduction and Closure

Source
Graduate Medical Education Office

1.0 Purpose

To outline the Institutional policy regarding GME Training Program reductions and/or closures

2.0 Procedure

The following procedure will be followed in the event of a GME Training Program complement reduction or closure.

- 2.1 In the event of Program reduction or closure, Augusta University will make every effort to inform House Staff as soon as possible and to allow the House Staff already in program to complete their training. Reductions will be made first from the number of incoming House Staff. In the event that a financial exigency requires a Program to be closed, the House Staff will be assisted in identifying and entering a program in which they can continue their training and education.
