SEEP Augusta Pre-College Program
Student Educational Enrichment Program (SEEP)
2021 Summer Virtual Program

SEEP Augusta is a seven week program for current high school juniors and seniors enrolled in schools in either the Richmond County or Columbia County School District. The summer program prepares students for a future career in the health professions through an extensive academic program that includes a noncredit general, introductory biomedical science course that prepares students for upper level premedical science coursework, critical thinking and clinical-based problem-solving skills development and pre-professional and personal development. Eligible students are selected through a comprehensive process, including academics, demonstrated interest in pursuing medicine or health profession, and motivation for success. There is no cost to participate in program. Participants will receive a stipend for books and other program expenses.

STUDENT SELECTION:
ALL applicants should meet the following criteria:
- U.S. Citizenship or Permanent Resident Status
- Georgia residency
- Underrepresented in medicine and/or educationally or economically disadvantaged
- Must be a current high school junior or senior
- Strong interest in the health science professions
- Strong competence in science and mathematics
- Involvement in STEM curriculum and/or STEM program
- Extracurricular activities demonstrating leadership
- Two years of mathematics
- Two years of laboratory science courses
- Chemistry and biology required
- Minimum overall GPA of 3.3; Minimum science and mathematics GPA of 3.3
- Applicants considered for participation will have to interview

SEEP is a highly intense academic program and requires a full-time commitment. Students accepted into the program must not commit to other programs or conflicting activities. SEEP credit course grades become part of participant’s academic record.

HOW TO APPLY:
1. Complete the online SEEP Application at: http://www.augusta.edu/mcg/students/seep
2. Submit Transcript(s): If you attended more than one high school, a transcript from each is required. You should have your high school or an official transcript service to send your transcript to SEEP@augusta.edu or to the address on the back cover of this brochure.
3. Have recommendations submitted: Your recommendations must come from a teacher, counselor or principal at the school you currently attend. Recommendations from family, friends, and peers are not accepted. The persons you list on your application will be sent a link to access the online recommendation form.
4. Upload supporting documents. Detailed instructions can be found at https://www.augusta.edu/mcg/students/seep

APPLICATION DEADLINES
March 5, 2021: Online application submission
March 12, 2021: Transcript, recommendations, and supporting documents

Mission and Vision:
The Medical College of Georgia’s Office of Student and Multicultural Affairs (OSMA) is dedicated to developing a diverse, culturally competent and empathetic physician workforce and providing leadership in diversity and cultural competence for MCG faculty, staff, students, residents and the surrounding community.

Goals of the OSMA Pipeline Programs:
• Enhance students’ competitiveness for medical school and other health profession programs. The program focuses on strengthening students’ academic performance, standardized admissions test-taking skills and pre-professional development.
• Increase the number of students from underrepresented, nontraditional and/or economically disadvantaged backgrounds choosing and entering careers in the health care professions.
• Identify and educationally prepare underrepresented and disadvantaged students for competitive entry into medical school, with focus on entry to and graduation from MCG.

SEEP began in 1970 and is one of the oldest diversity pipeline programs in the country.
