Mr. Milner will present his research on the influence of environmental factors on obesity and their effect on epigenetics. He will discuss the role obesity plays in cancer epigenetics and some of the bioinformatic methods used in epigenetic research. He also will discuss the need for increased nursing research into clinical factors influencing cancer epigenetics.

We have applied for 1.0 CE contact hour.

*Augusta University Medical Center is approved as a provider of nursing continuing professional development by South Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.*

This will be a live virtual presentation on Zoom. Please see your Outlook calendar invitation for a link to the seminar, or click on the seminar link on the CNR Seminar web page at: [https://www.augusta.edu/nursing/cnr/seminars.php](https://www.augusta.edu/nursing/cnr/seminars.php)
