CNR Seminar

Effects of the iHOPE (Inpatient HOspital chaplain delivered Palliative/End of life care) Program on Advance Care Planning and Quality of Life

Friday, April 23, 2021
12:00 to 1:00 p.m.

Dr. Young, Dr. Greene, and Chaplain Hughes will discuss the AUMC training program and research they are planning related to advance care planning and quality of life. They will share their experiences developing a chaplain-delivered advance care planning program in hospitalized heart failure patients.

We have applied for 1.0 CE contact hour.

Augusta University Medical Center is approved as a provider of nursing continuing professional development by South Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

This will be a live virtual presentation. Please see your Outlook calendar invitation for a link to the seminar, or click on the seminar link on the CNR Seminar web page at https://www.augusta.edu/nursing/cnr/seminars.php
