Ms. Naomi Sosa and Dr. Terri Marin will present research that Naomi conducted under the direction of Dr. Marin. They will discuss pertinent findings from their data analysis of blood pressure variations among preterm infants based on gestational and postnatal age. They also will discuss the potential impact that common conditions of prematurity may have on blood pressure during the first two weeks of life.

We have applied for 1.0 CE contact hour for nurses.

Augusta University Medical Center is approved as a provider of nursing continuing professional development by South Carolina Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

This will be a live virtual presentation on Zoom. Please see your Outlook calendar invitation for a link to the seminar or click on the seminar link on the CNR Seminar web page at:
