TECHNOLOGY REQUIREMENTS FOR NURSING CAS:

To access the Nursing CAS web application online, your computer must meet the following requirements:

- Internet access with a 56K modem or faster

- Internet browse of Mozilla Firefox, Google Chrome, Safari, Microsoft IE 8.0 or higher, or Netscape 7.01 or higher

- JavaScript is enabled (default setting for IE, Netscape, Firefox, Google Chrome, and Safari)

- Cookies are enabled (default setting for IE, Netscape, Firefox, Google Chrome, and Safari)

- Pop-up windows are used, therefore, pop-up blockers should be disabled (default setting for IE, Netscape, Firefox, Google Chrome, and Safari)

- 800 × 600 screen resolution (1024 × 768 or larger is preferred)

- It is recommended that the browser be Mozilla Firefox and the window be maximized to take up the entire screen.

NOTE: Some email providers use filters to prevent users from receiving "Spam" (unsolicited, junk email). Email filters may interpret an email from NursingCAS or a nursing program as "Spam" and automatically delete a message to you. To avoid missing important NursingCAS emails, turn the "Spam" or "junk" email filters off during the application cycle. If your email provider does not allow you to turn the filter off, you may have access to a "junk mail file" that archives all messages identified as sent to multiple addresses. Periodically check your spam/junk email file for NursingCAS or nursing program-related messages.
