

AUGUSTA UNIVERSITY SAFETY AND SECURITY REPORT

2019

From the President

Founded in 1828, the university has over 8,500 students, 1,500 faculty members and over 7,000 paid staff enterprise-wide.

Ensuring that our large and unique campus community remains safe for our students, workforce, patients and visitors is a responsibility that is shared by all members of the Augusta University community. Our safety depends on all members of the Augusta University community to help identify and report possible safety concerns.

Thank you for your interest in our Annual Safety and Security Report. This report, published annually and accessible at the following link: <https://www.augusta.edu/police/cleryandcrime/clery.php> contains important information for the entire Augusta University community. This report, including the statistics provided, is also published in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act").

Reading this report will help you understand our commitment to victims of crimes and the many services we offer, how to report, Campus Security Authorities, as well as security policies and procedures for our community. It will also provide helpful crime prevention tips and important contact information to let you know that there is always a fellow Jaguar that you can speak to.

At Augusta University, we are proud to foster a safe and healthy environment to learn, work, and visit, but we need your help to make sure that continues.

Sincerely,

Brooks A. Keel, Ph.D.

President

Annual Safety and Security Report

Preparation of the Annual Safety and Security Report and Disclosure of Crime Statistics

The offices of Augusta University Police, Audit, Compliance and Enterprise Risk Management, and Student Affairs, along with the Augusta University Clery Compliance Committee have prepared this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act. Crime and disciplinary statistics were collected using information maintained by the Augusta University Police Department, Student Affairs, Residence Life, the Title IX Coordinator and Campus Security Authorities, as well as information provided by local law enforcement agencies surrounding the main campus. Each of these offices provides updated policy information and crime data.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased or controlled by Augusta University. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

Augusta University distributes a notice of the availability of this Annual Fire Safety and Security Report by October 1 of each year to every member of the Augusta University community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the Augusta University Police Department at 706-721-8119 or electronically by visiting the following: <https://www.augusta.edu/police/cleryandcrime/clery.php>.

The Annual Safety and Security Report is compiled and prepared by the Augusta University Clery Act Compliance Committee. The committee is chaired by the Clery Act Compliance Officer and Interim Vice President of Audit, Compliance, and Enterprise Risk Management. The committee includes representatives from:

- Augusta University Police
- Augusta University Fire Safety Office
- Office of the Dean of Students
- Office of Legal Affairs
- Human Resources
- Residence Life and Housing
- Critical Events Preparedness and Response (CEPaR)
- Campus Security Authorities

Reporting to the Augusta University Police Department

Augusta University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate Augusta University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire Augusta University community that you immediately report all emergencies to Augusta University Police 706-721-2911 to ensure an effective investigation and appropriate follow-up actions, including issuing a Crime Alert or emergency notification.

Voluntary and Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage Augusta University community members to report crimes promptly and to participate in and support crime prevention efforts. The Augusta University community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the Augusta University or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the Augusta University to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, Augusta University may not be able to assure confidentiality and will inform you in those cases. Anyone may call Augusta University Police at 706-721-2911 to report concerning information. Callers may remain anonymous.

It's Up To Each of Us

Augusta University takes great pride in the community and offers students, faculty and staff many advantages. This community is a great place to live, learn, work and study, however, this does not mean that the campus community is immune from all of the other unfortunate circumstances that arise in other communities. With that in mind, Augusta University has taken progressive measures to create and maintain a safe environment on campus.

Crime prevention tips and information are available on the Augusta University Police Department's website at: <https://www.augusta.edu/police/resources/index.php>. While Augusta University strives to be progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment when living, working or visiting on campus.

We encourage all members of the Augusta University community to report all crimes and other emergencies to Augusta University Police in a timely manner. Augusta University Police has a dispatch center that is available by phone at 706-721-2911 or in person twenty-four hours a day at the Annex II Building, 524 15th Street, Augusta, GA 30912. Though there are many resources available, Augusta University Police should be notified of any crime, whether or not an investigation continues, to assure the Department can assess any and all security concerns and inform the community if there is a significant threat to the Augusta University community.

Emergency Phones

There are 34 emergency phones and 22 "Code Blue" call boxes located at or near campus buildings and parking decks that dial directly to the Augusta University Police dispatcher. There are 51 emergency phones and 6 "Code Blue" call boxes located at or near the Augusta University Medical Center buildings and parking decks that dial directly to the Augusta University Police Dispatch Center. When an emergency phone or call box is picked up or activated, the appropriate dispatcher is immediately notified of the location of the caller.

Additionally, Augusta University Police instituted "RAVE Guardian", for the Augusta University Health Sciences and Summerville Campuses. This is a cell phone application that provides functionality for 911 calls, as these calls are received at Augusta University Police Dispatch. The users enter their information into the Smart911 database that RAVE supplies, and when a call is received via the RAVE method, it will immediately alert Police Dispatch with an audible alarm, displaying the user's information, and their location (should they have location services enabled). Augusta University Police Dispatch will then handle the call as they would any emergency call. The Augusta University Police Dispatch monitors the RAVE portal 24 hours a day, 7 days a week. Information on downloading the application for both iPhone and Android devices can be found at: <https://www.augusta.edu/police/resources/raveguardian.php>

Campus Security Authorities (CSA'S)

Even though Augusta University has a police department on campus, a victim of a crime may wish to report it to someone other than the campus police. Consequently, the Clery Act requires all institutions to collect crime reports from a variety of individuals and organizations that Clery considers to be "Campus Security Authorities." Campus Security Authorities are responsible for forwarding non-identifying information to Augusta University Police for inclusion in the annual security report, regardless of whether or not the victim chooses to file a report with law enforcement or press charges.

The Clery Act recognizes certain Augusta University officials and offices as "Campus Security Authorities (CSA)." The Act defines these individuals as "officials of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings.

Individuals at Augusta University who have official responsibilities and functions that involve relationships with students or who have significant interactions with students or Augusta University activities may be considered CSAs. In addition to our Augusta University Police Officers, CSA's include but are not limited to the following:

- Professional staff in Student Affairs including: Deans, Associate Deans, Director of Student Housing, Resident Advisors, Dean of Student Life, Student Health and Wellness and campus staff members involved with student discipline, etc.)
- Staff in student activities office
- Faculty or staff advisors to student organizations
- Coaches and Assistant Coaches
- Director and Assistant Director of Athletics
- Security officers, and others

Pastoral and Professional Counselors

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Augusta University to serve in a counseling role **are not** considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, Augusta University encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

Timely Warning Reports – Crime Alerts

The Augusta University Police Department is responsible for issuing timely warnings to the Augusta University community. In the event of a crime which may pose an ongoing or serious threat to members of the Augusta University community, JAG ALERTS and/or email stating "Timely Warning" is sent to all students and employees on campus. The decision to issue a Timely Warning is on a case by case basis, depending on the circumstances of the incident, severity of the crime and whether or not there's an ongoing safety and security issue. The alerts are generally written by the Chief of the Police or a designee, and they are approved and distributed to the community by the Augusta University Department of Communications and Marketing. Timely Warnings are typically issued for the following categories: criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft and major incidents of arson. Cases of aggravated sexual assault and sex offenses are considered on a case by case basis, depending on the facts and information available to Augusta University Police. For example, if an assault occurs between two students who have a disagreement, there may be no ongoing threat to other Augusta University community members and a Timely Warning would not be distributed. In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a "timely" warning notice to the community. Sex offenses will be considered on a case by case basis depending on when and where the incident occurred, when it was reported and the amount of information known by the Augusta University Police Department.

The Augusta University Chief of Police or designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a Timely Warning is warranted. Timely Warnings may also be posted for other crime classifications or locations, as deemed necessary.

Updates to the Augusta University community about any particular case resulting in a Timely Warning may be distributed via JAG ALERTS and may be posted on the Augusta University Police Department website at: <https://www.augusta.edu/police/cleryandcrime/>. Timely Warning posters may be used by the Augusta University Police Department in campus buildings when deemed necessary. The Office of Critical Event Preparedness and Response (CEPaR) maintains the mass-notification system for Augusta University, called Augusta University ALERTS. This system includes outdoor sirens and the capability to e-mail, SMS (Text) message, and telephone up to ten numbers for all staff, faculty and students in the Augusta University.

The best education in the world is useless if a student doesn't survive with a healthy mind and body.

- Connie and Howard Clery

The murder of Jeanne Clery occurred in 1986, in Bethlehem, Pennsylvania at Lehigh University. Clery, who was a student at the time of her death, was killed in her

campus dormitory. Clery's parents, who believed the University had failed to share vital information with its students regarding campus safety, campaigned for legislative reform for several years following their daughter's death. Their sustained efforts ultimately resulted in the passage of the Clery Act, a federal law requiring all universities and colleges receiving federal student financial aid programs to report crime statistics, alert campus of imminent dangers, and distribute an Annual Campus Security Report to current and prospective students and employees.

Emergency Response and Evacuation Procedures

Emergency Management at Augusta University

The Augusta University has an Emergency Operations Plan that is coordinated and updated by the Critical Event Preparedness and Response (CEPaR) Office. The plan includes a mass-notification system called JAG ALERTS. The system includes outdoor weather sirens and the capability to e-mail, SMS (Text) message, and telephone up to ten numbers for all staff, faculty and students in the Augusta University enterprise. The system can deliver the message to all available contacts in a timely manner. The plan outlines the use and activation of the system as well as direction for the content of the message. The plan identifies the system for discovery or reporting of issues, the process for deciding to activate the plan for an emergency, and lists for pertinent staff to be called for emergency teams. The plan outlines the twice-a-year testing of the notification systems and the monthly siren testing. With the sirens broadcasting beyond our borders, we have communication with surrounding neighbors and institutions prior to scheduled tests and post-incident for real activations. All building evacuation plans are tested annually using unannounced fire drills. Staff, faculty and students in the Augusta University enterprise can sign up for Jag ALERTS at: <https://www.augusta.edu/cepar/alert.php>.

Drills, Exercises and Training

Members of the Augusta University Police Department meet with Student Affairs representatives and the Resident Assistants on a periodic basis to discuss Personal, Residential, and Workplace Safety. Members also meet with the students of each residence hall on an annual basis to discuss Crime Prevention and Safety Issues. The Augusta University Office of Student Affairs assists students in gaining access to professional counseling. The Augusta University Police Department provides information for employees at New Employee Orientation. Human Resources conducts Annual Safety Update training. Employees receive safety training at the time of hire and annually. Students are briefed each semester. Security awareness and crime prevention programs on personal safety are sponsored by various departments at Augusta University throughout the year. University Police facilitate programs for students, faculty, staff, orientations, organizations and residential housing. Residence Life and other offices under the Division of Student Affairs offer programs for students specifically. Crime Prevention and Security Awareness Programs available include:

- Crime Prevention presentation covering basic crime prevention, personal safety, as well as office safety.
- RAD Rape Aggression Defense (R.A.D.) is a comprehensive course that begins with awareness, prevention, risk reduction and avoidance while progressing on to the basics of hands-on defense training. Certified RAD instructors teach all RAD classes.
- Safety Escort Service--The Augusta University Police Department provides an escort service to students, staff, and campus visitors 24 hours a day, 365 days a year.
- As part of the security awareness programs, students and employees are encouraged to be responsible for their own security and the security of others.

To ensure the Augusta University's emergency management plans remain current and actionable, Augusta University will conduct an emergency management exercise, at a minimum once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. Augusta University conducts after-action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, the Augusta University will notify the community of the exercise and remind the community of the information included in the Augusta University's publicly available information regarding emergency response procedures found out the website of Critical Event Preparedness and Response (CEPaR) <https://www.augusta.edu/cepar/index.php>

Emergency Notification

Augusta University has an Emergency Operations Plan that is coordinated and updated by the Critical Event Preparedness and Response (CEPaR) Office. The plan includes a mass-notification system called Jag ALERTS. The system includes outdoor sirens and the capability to e-mail, SMS (Text) message, and telephone up to ten numbers for all staff, faculty and students in the Augusta University enterprise. The system can deliver the message to all available contacts in a timely manner. The plan outlines the use and activation of the system as well as direction for the content of the message. The plan identifies the system for discovery or reporting of issues, the process for deciding to activate the plan for an emergency, and lists for pertinent staff to be called for emergency teams. The plan outlines the twice-a-year testing of the notification systems and the monthly siren testing. With the sirens broadcasting beyond our borders, we have communication with surrounding neighbors and institutions prior to scheduled tests and post-incident for real activations. All building evacuation plans are tested annually using unannounced fire drills. Staff, faculty and students in the Augusta University enterprise can sign up for Jag ALERTS at: <https://www.augusta.edu/cepar/alert.php>

Procedures Used to Notify the Campus Community

In the event of a situation that poses an immediate threat to members of the campus community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of emergency notification to all or a segment of campus community. The Jag ALERTS system may be used to communicate official information during an emergency or crisis situation that disrupts normal campus operation or threatens the immediate health or safety of the campus community. The Augusta University Police Department receives information from various offices/departments on campus, such as the CEPaR Office. The system includes outdoor sirens and the capability to e-mail, SMS (Text) message, and telephone up to ten numbers for all staff, faculty and students in the Augusta University enterprise. These systems are used to immediately notify the campus community that a dangerous situation or emergency exists involving an immediate threat to the health or safety of students or staff on campus and when immediate action is required by the recipient. If the Augusta University Police Department confirms with the assistance of key campus administrators, local first responders or the National Weather Service that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the Augusta University community.

The Augusta University Police Department will collaborate with University Communications to determine the content of the message and will use some or all of the systems described below to communicate the threat to the Augusta University community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population. The Augusta University Police Department will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of responsible authorities and first responders compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Follow up information pertaining to a significant emergency or dangerous situation on campus will be sent using one of all of the following systems: Jag ALERTS, campus email, campus website and/or local media.

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification

Augusta University and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification with determining what segment or segments of the Augusta University community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. Augusta University may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the JAG ALERTS system, Augusta University will also post applicable messages about the dangerous condition(s) on the Augusta University homepage <http://www.augusta.edu/> to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, Augusta University officials will distribute the notification to the entire campus community.

Determining the Contents of the Emergency Notification

The office responsible for issuing the emergency notification (usually Augusta University Police Department or CEPaR) will, in concert with Augusta University and local first responders, determine the contents of the notification. Augusta University has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident. In those cases where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

Procedures for Disseminating Emergency Information to the Greater Community

If an incident occurs that might create an imminent threat to members of the Augusta-Richmond County community, systems are in place to communicate that information. Such systems include correspondence with local news media outlets and emergency personnel which shall be used to inform the Augusta-Richmond County community.

Enrolling in the University's Emergency Notification System

To register into JAG ALERTS students, faculty and staff can log in to JAG ALERTS at: <https://www.augusta.edu/cepar/alert.php> select the appropriate icon to review your contact information, make updates, and add additional phone numbers as desired. Adding your cell phone number or other contacts where you can most quickly and easily be reached is especially important. Local community members interested in receiving notification information regarding emergencies on campus can obtain this information through local news media and campus website.

Emergency Response & Evacuation (Continued)

Security of and Access to University Facilities

At Augusta University, administrative buildings are open from 6:00 a.m. until 6:00 p.m., Monday through Friday, and academic buildings generally are open from 7:00 a.m. until 11:00 p.m. Academic buildings are scheduled to be open on weekends only as needed. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there. Likewise, access to most programs is limited to those enrolled in the program or otherwise authorized access.

Many cultural and athletic events held in the University facilities are open to the public. Other facilities such as the bookstore, library, and performance center are likewise open to the public. Only those who have demonstrated a need are issued keys or card access to a building.

Special Considerations for Residence Hall Access

At the Augusta University campus, access is given to residence halls either by a key or a computerized Access Control and Security Monitoring System. Identification cards are coded so that only students who are residents in a particular hall are authorized electronic access entry to that hall; the system denies entry to all unauthorized persons. When any exterior door is left ajar an audible alarm is activated. Officers are responsible for checking and securing doors, when needed. When a door is malfunctioning, Facilities Management personnel are notified for repair(s). Always remember to lock your doors and windows. All residence halls and apartment exterior doors are equipped with locks and with crash bars to ensure a quick emergency exit.

Only residents and their invited guests are permitted in the living areas of the residence halls. It is the resident's responsibility to ensure that his/her guest are aware of the University and residence hall policies. Guests are not provided with room keys or door access cards. All exterior doors are locked from 5 PM to 8 AM, Monday to Friday, locked 24 hours on weekends and holidays. It is the responsibility of residents and staff members to challenge or report individuals who cannot be identified as residents or the guests of residents.

Each guest is issued an identification card that allows him or her to gain access to their assigned building via the electronic access control system. Residence Halls are staffed 24 hours per day. Officers from the Augusta University Police Department also conduct regular checks of residence hall areas.

Personal Safety

Theft, disorderly conduct, and alcohol related offenses are very common on university campuses. However, they don't stand-alone. Despite law enforcement's efforts, serious crimes do occur on campuses. It is important to report any suspicious incidents to police and always remain alert and vigilant.

One of the more serious crimes that too often is unreported is Sexual Assault. It is important to know what these crimes are, because in many cases, victims do not realize that have been victimized. Additionally, crimes of this nature are very difficult for victims to report for a number of very complex reasons. We provide the following information to assist those help who may have been victims of sexual assault or who have a friend who has been sexually assaulted.

There are many guidelines to help you be more alert and aware of the situation to prevent such serious crimes, such as:

Know your surroundings

- Be alert
- Call for help
- Report any suspicious people and/or activity, immediately

Emergency Response Actions:

Fire

When the fire alarm is activated, evacuation is mandatory. Evacuate the building immediately. Do not use the elevators. Take personal belongings with you (keys, purses, wallets, etc.) Proceed to you designated RALLY POINT. Follow directions given by your building's emergency coordinator, fire department or the police. Help those needing assistance to move from the area. Do not re-enter the building until authorized to do so by emergency personnel.

Armed Intruder

In case of an immediate life-threatening event, each individual should take whatever actions are necessary to protect his or her own life. If it is possible to flee the area safely and avoid danger, do so. If flight is impossible, lock and barricade all doors, turn off all lights and silence all electronic devices. If you are in a classroom: STAY THERE, secure the door, Notify AU POLICE: (706) 721-2911 or 911, lock, wedge, or barricade the door. Consider quietly exiting a ground floor window, if safe. If you can't exit a window, stay away from the door, stay low and be quiet. The shooter may bang on the door and yell for help to entice you to open the door. If police are not on the scene yet, move well away from the incident, find a safe cover position, and wait for police to arrive. When instructed to exit, proceed to the safest exit to leave the building and then move toward any police vehicle. Keep your hands on your head and follow the exact directions from the police. Move away from the immediate path of danger. Distance yourself from the shooter. Put something between you and the shooter! Thinking and planning about a shooter on campus NOW, will help you make better decisions during a critical incident.

Hostage Situation

Stay calm, appear submissive, and do not make eye contact. Don't be a hero. Follow instructions of captor. Let them be in-charge. Cooperate; be friendly if possible; don't argue with or antagonize captor or other hostages. Inform captors of medical or other needs. Speak in a calm even tone. Give an appearance of calmness so everyone will feel more at ease. Be prepared to wait; elapsed time is a good sign. Don't try to escape; don't try to resolve situation by force. Be observant and remember everything that is seen or heard. If a rescue takes place, lie on the floor, face down, and await instructions from rescuers.

Shelter In Place

Employees, students, and visitors may be asked to shelter in place when it is unsafe to be outside due to a campus emergency, chemical spill, active shooter or ongoing incident in another location. University Police and/or University Administration will advise when to shelter in place. All students, visitors, employees must stay in current location or area designated by University Authorities. If away from your regular area, seek the nearest building, office or classroom. Secure the door if possible. Stay in place until given the all clear. Emergency Response Actions:

Tornado/Severe Weather

Monitor local Television and radio stations, NOAA weather radio, weather related internet sites, etc. Be prepared to take shelter on the lowest level of your building. Stay away from windows. Move to an interior hallway. Wait for an all clear notification prior to returning to your work area or classroom. If outdoors, lie in a ditch, low-lying area, or crouch near a strong building if shelter is not available or if there is no time to get indoors.

Minors under the age of 16 cannot legally consent under Georgia law. Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent. Consent can be withdrawn at any time by either party by using clear words or actions.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Disciplinary Procedures for Sexual Misconduct and Interpersonal Violence

If you have been the victim of a sexual assault, dating violence, domestic violence or stalking, you have options for addressing the incident. If you want to remain anonymous and discuss options before going to the Title IX Coordinator and/or Augusta University Police, Student Counseling and Psychological Services is an excellent resource located on both campuses. If you wish to talk with someone external to the university, Rape Crisis and Sexual Assault Services Center as well as Safe Homes of Augusta can serve as confidential resources as well.

If you want to explore options for university response and interim measures to address the incident, contact the Augusta University police and/or contact the Title IX Coordinator to discuss a sexual misconduct investigation and/or Informal Resolution.

<https://www.augusta.edu/compliance/policyinfo/policy/student-student-sexual-misconduct.pdf>

Through the Student Sexual Misconduct policy and upon receipt of a formal incident/complaint, the Title IX Coordinator will review options for Interim measure and assign a trained Title IX Investigator (if applicable and victim wishes to pursue) to gather all of the relevant facts. Throughout any investigation and resolution proceeding, the complainant and respondent will receive written notice of the alleged misconduct, shall be provided an opportunity to respond and shall be allowed to remain silent or otherwise not participate in or during the investigation and resolution process. If the incident allegation is serious, severe and a potential threat to the victim and/or university community, an Interim Measure of Interim Suspension, pending the outcome of a title ix investigation, may be warranted.

The victim and respondent have the right to an advisor (as defined by the policy) for any sexual misconduct and dating violence, domestic violence and stalking investigation. The advisor can be anyone, may or may not be an attorney, of the individuals choosing and at his or her own expense, for the express purpose of providing advice and counsel. The advisor may be present during meetings and proceedings during the investigatory and/or resolution process at which his or her advisee is present. The advisor may advise his or her advisee in any manner, including providing questions, suggestions, and guidance on responses to any questions posed to the advisee, but shall not participate directly during the investigation or hearing process. The student may request to have family members in attendance and shall be limited to two family members, in addition to an advisor.

At the conclusion of a sexual assault, sexual misconduct, dating violence, domestic violence and stalking investigation, the assigned Title IX Investigator will submit an Investigation Findings Report outlining the facts, evidence gathered and whether or not a student, employee or staff members should be charged with a sexual misconduct policy violation, based upon the preponderance of evidence and a "more likely than not" standard. Based upon the investigation report, the complainant and respondent may agree and/or

Responding to Sexual Assault, Domestic Violence, Dating Violence and Stalking (Continued)

disagree with the Investigation Report and move forward with a Conduct Hearing process <https://www.augusta.edu/student-life/conduct/documents/aucodeofconductmidyearupdate201819.pdf> and/or an Informal Resolution.

When the victim/complainant and respondent disagrees with the Investigation Findings report, one of the options for resolution is a Student Conduct Hearing Board. The Student Conduct Hearing Panel is a formal adjudication and decision-making body in the University's nonacademic conduct system and consists of faculty and staff. Board members, including the chair are appointed by the Vice President for Enrollment and Student Affairs or their designee. Board members will be trained adequately, and individuals are tasked with hearing the allegations/incident and making a final determination regarding policy violation charges and sanctions (if applicable). The University Student Conduct Hearing Board, acting through a panel of at least three (3) members (two members plus the chair presiding), hears and decides cases involving alleged individual or organizational violations of the University Code of Conduct, Sexual Misconduct Policy and any other case assigned to it through the nonacademic conduct process. For cases involving potential violations of the Augusta University Student Sexual Misconduct policy, the Conduct Hearing panel will be composed of faculty and staff. Decisions of the University Student Conduct Hearing Board are final, subject to appeal.

Another option to resolve allegations/incidents related to sexual misconduct, dating violence, and domestic violence and stalking is through Informal Resolution without a determination of misconduct, if all of the following are met:

- When complainant(s) and respondent agree to an informal resolution;
- When the initial allegation could not result in expulsion;
- When the complainant(s) and respondent(s) agree to the terms of the informal resolution; and
- When the investigator concludes that informal resolution is in the best interest of the parties and the institution's community.

The alleged victim(s) and respondent(s) have the option to end informal resolution discussions and request a formal process at any time before the terms of an informal resolution are reached. However, matters resolved informally shall not be appealable.

Disciplinary Sanctions/Outcomes

When it has been determined that there's sufficient evidence and information to determine responsibility for a Student Sexual Misconduct Policy violation the disciplinary sanction options may include the following:

Oral reprimand/warning – an oral statement of disapproval with or without written follow-up communication.

Written reprimand/warning – a written notice to the student or organization of the inappropriate nature of the conduct.

Disciplinary probation – a written reprimand to a student or organization for violation of specified regulations. Probation is for a definite period of time and includes the possibility of more severe sanctions if the student or organization is found to violate any University rules and regulations during the probationary period.

Social probation – prohibits an organization from sponsoring or participating in any organized social activity, party, or function; prohibits a student from participation within social organizations on campus or representing the University as a member of a group.

Loss of privileges – denial of specified privileges for a designated period of time. This may include, but is not limited to, loss of visitation rights, denial of participation in specific programs, denial of participation in University-related organizations or groups, denial of the right to attend University-sponsored events, and denial of access to campus resources or facilities.

Fines – monetary fines may be assigned.

Restitution – compensation for loss, damage, or injury. Restitution may take the form of appropriate service and/or monetary or material replacement.

Community service – work assignments for the benefit of the University or community. Community service assignments must be approved by the Dean of Student Life or their designee. If the student or student organization assigned community service does not complete the community service hours by the assigned completion date, the student may have a hold placed on his or her account, and may be found in violation of "Disregard for University Authority" and subject to additional University sanctions.

Assessment – a student may be required to attend sessions with a counselor for an assessment, either through the University's Counseling Center, Student Health Services, or outside provider.

Substance Abuse Education – a student may be required to meet with a substance abuse educator, attend programs, or complete courses designed to help the student deal with substance abuse issues and learn from the experience.

Educational requirements -- actions that will enhance the educational impact of the student discipline process on the student. This may include oral or written reports to the Dean of Student Life or other appropriate hearing body or officer. Educational sanctions are designed to increase the student's understanding of how his or her behavior affects others. Educational requirements when used as a disciplinary sanction within the Code of Conduct will not be related to any course or coursework required for the completion of a degree.

Loss of recognition – a student organization may lose its recognition on campus as a chartered student organization. The Dean of Student Life will notify any national or regional governing body with which the organization is associated or which sponsors social, academic, or sports events when such loss of recognition is imposed so that the full impact of this decision may be understood.

Parental notification – parents may be notified of violations of the alcohol and drug policies if the student is under the age of 21.

Suspension – separation of the student or organization from the University for a definite period of time, after which the student or organization is eligible to return. Conditions for readmission may be specified. The University may not accept or transfer academic credit for courses taken or academic work performed during the suspension.

Expulsion – permanent separation of the student or organization from the University community.

Appeals

If the decision by a hearing officer or hearing panel may be appealed, the student or organization must submit a request for appellate consideration to the Office of the Dean of Student Life within five (5) business days of the decision being appealed as determined by the date on the notification email letter.

Cases involving violations of the Code of Conduct and/or Sexual Misconduct Policy heard by any University hearing body may be appealed to the, Vice President for Enrollment and Student Affairs (VPESA) or their designee. The VPESA may appoint a panel of individuals to review the appeal and make a decision. The review will be based solely upon the written request for appellate consideration and the information presented to the University hearing body. The role of the VPESA is not to substitute their judgment for the decision of the University conduct body. Rather, appellate review only considers the following:

- whether prescribed University disciplinary procedures were not followed such that the fairness of the hearing was impacted, including but not limited to, whether the alleged misconduct falls within the jurisdiction of the University conduct system, whether any hearing questions were improperly excluded, or whether the decision was tainted by bias;
- whether the decisions made or sanction(s) imposed by the hearing body were consistent with the weight of the information available; and
- whether new evidence exists sufficient to alter the original decision that was not considered at the original hearing and was not known or knowable by the accused student or organization at the time of the hearing.

The legal drinking age in Georgia is 21.

Consumption of Alcohol on Campus – University Sponsored Events

The service of alcohol at Augusta University events, programs sponsored by the University, or its direct support organizations, will be prohibited unless advance written permission is received from the Executive Vice President for Academic Affairs and Provost. Augusta University has established a Substance Abuse policy that provides further information regarding employee responsibilities.

Each person is legally responsible for his or her actions in all mental and physical conditions, including those induced by alcoholic beverages.

Alcohol Abuse and Health Risks

There are long-term health risks associated with alcohol use. These risks include damage to the heart, liver, and brain. However, it should be noted that the vast majority of our health risks occur over the course of a single evening, not after decades of abuse. A college-aged student has a much higher risk of an alcohol-related injury caused by a car crash, slipping or falling, getting into a fight, etc. than developing cirrhosis of the liver. However, understanding the long-term health risks is important because young adults who continue the behavior of drinking heavily risk damaging their bodies in numerous ways, including permanent damage to internal organs.

Other Drugs

Augusta University is committed to providing a safe and healthy environment that is conducive to living and learning. Therefore, the Augusta University prohibits the illegal use, possession, manufacture, distribution, and sale of drugs and drug paraphernalia on its campus. The specifics are outlined as follows:

- The illegal use possession, manufacture, distribution and sale of drugs, including prescription drugs is prohibited.
- The illegal use possession, manufacture, distribution, and sale of drug paraphernalia is prohibited. Drug paraphernalia includes but is not limited to: pipes, bongs, roach clips, rolling papers, and syringes.
- Behavior that is a direct result of drug consumption, use, or abuse is prohibited. Any student found to be visibly overcome by the use of drugs may be found responsible of a violation of the Augusta University Student Code of Conduct.
- Illegally driving under the influence of drugs is prohibited.

Additionally, the State of Georgia's Drug-Free Post-Secondary Education Act of 1990 provides for mandatory suspension of individual students committing certain felony offenses involving marijuana, controlled substances, or dangerous drugs. It applies to students enrolled in courses for academic credit. According to OCGA §20-1-23,

"Any student of a public educational institution who is convicted, under the laws of this state, the United States, or any other state, of any felony offense involving the manufacture, distribution, sale, possession, or use of marijuana, a controlled substance, or a dangerous drug shall as of the date of conviction be suspended from the public educational institution in which such person is enrolled. such suspension shall continue through the end of the term, quarter, semester, or other similar period for which the student was enrolled as of the date of conviction. The student shall forfeit any right to any academic credit otherwise earned or earnable for such term, quarter, semester, or other similar period; and the educational institution shall subsequently revoke any such academic credit which is granted prior to the completion of administrative actions necessary to implement such suspension."

Additionally, students who have been convicted of any offense under any federal or state law involving the possession or sale of a controlled substance may be ineligible to receive grants, loans and/or Federal Work Study assistance. For more information, contact the Office of Financial Aid.

Augusta University distributes this document as a part of the University's compliance with the Drug Free Schools and Communities Act Amendments of 1989.

CRIME STATISTICS

Annual Disclosure of Crime Statistics

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses. Augusta University Police Department maintains a close relationship with all police departments where Augusta University owns or controls property to ensure that crimes reported directly to these police departments that involve Augusta University are brought to the attention of the Police Department.

Augusta University Police collects the crime statistics disclosed in the charts through a number of methods. Police dispatchers and officers enter all reports of crime incidents made directly to the department through an integrated computer aided-dispatch systems/records management system. After an officer enters the report in the system, a department administrator reviews the report to ensure it is appropriately classified in the correct crime category. The Department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). In addition to the crime data that the Police Department maintains, the statistics below also include crimes that are reported to various campus security authorities, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub categories on liquor laws, drug laws and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

Definitions and Additional Information:

The total number of Unfounded Crimes includes all Clery Act reportable offenses, hate crimes, arrests or disciplinary action referrals for weapons, drug or liquor law violations, and domestic violence, dating violence, or stalking incidents that have been unfounded. This category shows those crimes that occurred On-Campus, in On-Campus Student Residential Facilities, on or in Non-Campus property or buildings, and on Public Property that were unfounded.

The Campus Security Act Requires that reportable crimes are broken down into four categories: on campus, non-campus, public property and residential facilities. The term "campus" means any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residential facilities; and property within the same reasonably contiguous geographic area of the institution that is owned by the institution, but controlled by another person, is used by students, and supports institutional purposes (such as a food or other retail vendor). The term "non-campus" means any building or property owned or controlled by a student organization recognized by the institution; and any building or property (other than a branch campus) owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution's educational purposes, is used by students, and is not within the same reasonable contiguous geographic area of the institution. The term "public property" means all public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. An enumerated crime that occurs on property immediately adjacent to, or within an area up to the far curbing of any street adjacent to campus property is reported under the "public property" category.

The "Crime Statistics" for the Augusta University is published annually by the Augusta University Clery Committee.
