Required Training: Sexual Assault Prevention for Undergraduates

Dear Augusta University Students,

Augusta University has partnered with Everfi, whose mission is to help students address critical life skills such as alcohol abuse prevention, sexual assault prevention, and financial literacy in higher education institutions across the country. Each year over 1,500,000 employees and students complete these courses.

As part of our comprehensive prevention program for new students, Augusta University expects you to complete the online training for Sexual Assault Prevention. This online training will empower you to make well-informed decisions about issues that may affect your years at Augusta University and beyond. Augusta University is committed to a safe and secure University and we want you to understand your rights and responsibilities affiliated with the sexual misconduct policy and the alcohol policy. Knowing where to go for help, resources, reporting options and how to help a friend who is dealing with a situation involving sexual misconduct, stalking, dating violence and domestic violence and/or alcohol abuse/use is critical.

After you receive your Augusta University email account, use this account and password to register, using the code below and sign in to complete the Sexual Assault Prevention training module.

PLEASE READ THE FOLLOWING CAREFULLY:
Instructions to fulfill this Augusta University training requirement:

• Go to: http://www.everfi.com/login and click Register.
