ROUTING INFORMATION

4. Choose the Academic College AND Department where the new course prefix will reside by clicking in the field. This will generate a drop down list of all Academic Colleges and Departments. You may only select two options.

Routing Information 

Choose your Academic College and Department:*

Select an option

Please select the academic college and department where this course resides. This is the college and department where the course is assigned in Banner. Please note, this question also updates the routing for approval for this proposal.

5. If these courses may be part of The Graduate School, be sure and select “Yes” to the question regarding The Graduate School.

Is this course part of The Graduate School?*

Yes

No

If yes, this impacts the routing as The Graduate School must approve new courses. Only TGS graduate courses are routed to The Graduate School for review. If the course is part of a graduate certificate and impacts a TGS graduate degree program, the proposal would need to be reviewed by The Graduate School. If this course does not already have a TGS attribute, one will be assigned and the course will be assigned to the academic college and department listed above in BANNER.

6. Select the appropriate option regarding Program Director.

Does this program have a Program Director separate from the Department Chair? *

Yes

No

If you select yes to this question, this proposal will first be routed to the program director and then to the department chair.

7. Select the appropriate option regarding a department chairperson.

Does your department have a chairperson?*

Yes

No

If you select yes, this proposal is routed to a department chair person. If you select no, it is not.
