

Augusta University Student Health Insurance Premiums

We believe that health insurance coverage should be a primary concern of all students. The incurring of unexpected medical expenses could jeopardize a student's ability to continue his or her education.

United HealthCare Student Resource is the administrator of the AU Student Health Insurance program for the 2022– 2023 year. To ask questions about the benefits and coverage in the plan, please call UHCSR Customer Service at **866-403-8267** or go to www.uhcsr.com/augusta.edu

If you have other questions please email us at studentinsurance@augusta.edu
