STUDENT ORGANIZATION BASICS

PURPOSE OF STUDENT ORGANIZATIONS

To support the University: Student organizations exist to support the overall objectives of the University. Operating on the basis of voluntary participation and self-government, student organizations are an integral part of the University community, and as such are obligated to contribute to the scholastic attainment and general development of the individual student.

To support the students and compliment the curriculum: Student organizations offer the individual an opportunity to broaden his/her environment. Skills and experience obtained through membership in student organizations serve as a valuable supplement to the formal curriculum. An active, involved student is a successful student. Through participation in activities and student organizations, students can complement the classroom curriculum with related experiences.

To offer beneficial outcomes: Student organizations form relationships with other students with similar interests, develop mentor relationships with faculty and staff, and utilize life skills such as decision making, planning, critical thinking and more. Student Organizations help create a sense of community and spirit on campus. Broaden your horizons in ways you could never imagine – get involved!

RIGHTS AND RESPONSIBILITIES

Student organizations are not only members of the academic community, but also are members of the larger society. As part of the University community, members of student organizations have a responsibility to know and follow all University rules and regulations in the Student Code of Conduct. Student organizations may be held accountable under the Code of Conduct. A student organization and its officers may be held collectively and individually responsible when violations of the Code of Conduct by those associated with the organization have received the consent or encouragement of the organization, or of the organization’s leaders or officers.

To determine whether a student organization is responsible for a violation of the Code of Conduct, all circumstances will be considered, including, but not limited to:

- Whether the misconduct was committed by one or more members of the organization;
- Whether officers of the organization had prior knowledge of the misconduct;
- Whether organizations funds were used;
- Whether the misconduct occurred as a result of an organization-sponsored function; and
- Whether members of the organization lied about the incident.

It is the responsibility of all student organization officers to familiarize themselves with Augusta University policies, procedures, and Code of Conduct, and to share this information with membership.

- Section 6.3 of 2017 Augusta University Student Manual
- The Student Code of Conduct can be found at: https://www.augusta.edu/studentlife/conduct/documents/code-of-conduct-07-2016.

ADVISOR INFORMATION

WHO CAN BE AN ADVISOR?
All registered student organizations must have an advisor. This advisor does not have to be a faculty or staff member, but it is preferred. Graduate Assistants and student assistants are not eligible to serve as advisors.

SELECTING YOUR ADVISOR
Registered student organizations may choose their own advisors from any department or college within the campus or community who support the purpose of the organization. The usual appointment or assignment is for one academic year. Continuity of advising from year to year is desirable. In these cases, the organization generally requests the assignments to be renewed. The relationship between advisor and organization is to be determined by the two parties themselves.

TIPS FOR ADVISOR/ORGANIZATION COMMUNICATION
- Sit down and talk as an organization about your expectations of an advisor
- Before making a selection, consider finding someone who will have the time to devote to your organization, and finding someone who will take the role willingly and seriously
- If possible, choose someone who shares some of the same interests of your organization and someone with whom you are in contact
- If your organization is departmental, try to find someone in that department to be your advisor
- When approaching your potential advisor for the first time, make certain they have a clear understanding of your organization’s purpose as well as what will be required of them in their role, duties and time commitment as advisor
- Allow the person a reasonable length of time to consider the decision
- Once a faculty/staff member has agreed to be your advisor, they should complete an online Advisor Orientation in order for your organization to begin the Student Organization recognition process.

- Assist the group in setting realistic goals and objectives
- Assist in orientation and training of new officers

- Attend as many organizational meetings/events/activities as possible

- Know their financial status and keep track of it
- Keep students informed of policy changes Assist students in maintaining balance between the academic and co-curricular aspects of student life
- Be enthusiastic about them, their activities, and Augusta University

ADVISOR EVALUATION
It is important to know how your organization perceives the advisor. Here are some example questions to be mindful of when thinking the relationship your organization has with the advisor. This feedback is important to know if you may need to work on aspects of the relationship or find a new advisor.

1. I am satisfied with the amount of time our advisor spends with our group.

3. I am satisfied with the amount of information our advisor shares with our group.

6. Our advisor advises our group in a way consistent with our goals.
7. Our advisor adjusts his/her advising style to meet our needs.
8. Our advisor is a good listener.
9. Our advisor understands the dynamics of our group.

- Options for taking attendance at an event:
  - Card Swipe
  - Sign-In Sheet
  - JagLife App

CARD SWIPER ATTENDANCE

One of the benefits of JAG Life and being recognized is the card swiper tool. This tool, much like Square, will read a student’s ID card to add them as an attendee to the event. Later, you will be able to tell a few things about the attendees for the event by utilizing the analytics of JAG Life, such as the majority age group, majors, year, etc. This is not broken down individually, but gives you a clue as to whom your organization has attracted by an event.

*Taking attendance on JAG Life is mandatory.*
1. Find the event’s PIN.
   a. The Event PIN is a unique 4-digit number that is generated when an event is created.
   b. The PIN allows someone to use the CheckPoint app to check students in to an event. The app will not give
      attendance takers access to anything else.
   c. The Event PIN can be found on the Event page after an event is created. It is also shown in the PIN column of
      the Events listing page.

2. On the Checkpoint App, enter the event PIN.

3. By inserting your card reader into the headphone jack, you can now swipe students’ ID cards.

4. After swiping, their name should show up on the list.
   a. Manual Entry: You can also add attendees manually if they don’t have their ID card – use their student ID
      number or their e-mail.

5. When you have added attendees via the CheckPoint app, they will populate on the event’s JAG Life page. a. Another
   option to add attendees to JAG Life is to manually enter them on the JAG Life website’s event page. Refer to the JAG
   Life tutorial.

BORROWING ITEMS FROM THE JSAC

JSAC Operations provides a few items for student organizations to utilize for their events at no cost.

Items available for borrowing include:

- Popcorn Machine
- Cotton Candy Machine
- Movie Projector Screen
- Red Carpet
- Corn Hole Boards
- Large-Scale Board Games

Guidelines:

organizations learn about one another, their aims, and resources. The CREW is the student programming board and will
welcome any collaboration of any student organization.

It is advisable to create an arrangement that details what each organization is responsible for in regards to tasks and
financial issues.
The Event Management System or EMS will be the portal in which you will reserve space on campus. Only faculty, staff, or student organizations’ designated EMS coordinator is able to reserve space. Reserving space is free for student organizations.

Believing in the right of self-governance, all students enrolled at Augusta University are eligible to be a member of the SGA.

The structure of the SGA is comprised of an executive and a legislative branch. The executive Cabinet serves as the executive branch for both undergraduate and graduate students, while the Senate and House of Representatives shall constitute the legislative branch. The Senate represents the undergraduate students, while the House of Representatives serves the graduate students of Augusta University.

Funding for Student Organizations
Student organizations can request additional funds from Student Government to aid in covering the cost of student organization events and/or travel. Requests must be made in the same semester that the event or travel is hosted in. For additional questions on policies regarding SGA funding please visit the SGA website:
http://www.augusta.edu/student-life/sga

Funding CAN be used for:

- Hiring and paying travel for performers: Meals and travel expenses are subject to per diem and non-employee travel regulations (Section 19.9). If all costs of performing group, 27 including travel expenses, are included as part of a lump-sum contract, travel regulations would not apply.
- Consultant expenses
- Prizes/awards from raffles: Participation in raffle must be available to all students. Raffles/lotteries may be lawfully conducted without a license if participants are allowed to enter at no cost. For these events, individual prizes must be minimal in value (not to exceed $100). If licenses are obtained and raffle tickets are sold, gifts are limited to funds collected in raffle.
- Food and refreshments for student group events: Appropriate if event is open to all students within specific identifiable group.
- Promotional Items: Associated with promotional events for students, such as student recruitment. Acceptable items would be T-shirts, mugs, plaques, click drives, etc. Individual value should not exceed $ 50. Cash awards are strongly discouraged. The institution may be subject to additional prohibitions on promotional items resulting from athletic conference regulations.
- Event costs: Appropriate to stage events (e.g., decorating event area, printing programs, and advertising).

Funding MAY NOT be used for:

- Donations: Except where proceeds of fundraiser go directly for that purpose
- Scholarships: Prohibited unless based on some performance measure or service requirement. Performance measures would require some academic or student activity skill to be displayed (e.g., athletics, music, literary, math, etc.). Simply being an enrolled student would not qualify as a performance measure.
- Tips: Unless covered by State travel guidelines or service contract.
- Faculty salaries and benefits: Student activity fees should not be used to directly fund instructional costs of credit hour courses.
- Intercollegiate Athletic program costs: Normally these costs should be paid from Athletic fees. Possible exceptions could be for support groups, such as dance teams, student organization sports or cheerleaders, if included in the budget as reviewed by the student fee advisory committee.
- Alcoholic beverages or any illegal substances.
- Individual or student organization memberships in civic organizations
- Political campaigns or events

POLICIES

AUGUSTA UNIVERSITY’S STUDENT CODE OF CONDUCT
The Student Code of Conduct can be found at: https://www.augusta.edu/studentlife/conduct/documents/code-of-conduct-07-2016.pdf

STUDENT ORGANIZATION RIGHTS AND RESPONSIBILITIES
Students and organizations are not only members of the academic community, but also are members of the larger society. As part of the University community, members of student organizations have a responsibility to know and follow all University rules and regulations. Student Organizations may be held accountable under the Code of Conduct. A student organization and its officers may be held collectively and individually responsible when violations of the Code of Conduct by those associated with the organization have received the consent or encouragement of the organization, or of the organization’s leaders or officers. To determine whether a student organization is responsible for a violation of the Code of Conduct, all circumstances will be considered, including, but not limited to: whether the misconduct was committed by one or more members of the organization; whether officers of the organization had prior knowledge of the misconduct; whether organization funds were used; whether the misconduct occurred as a result of an organization-sponsored function; and whether members of the organization lied about the incident.

HAZING
Augusta University prohibits hazing in any form. According to hazingprevention.org, hazing is any “action taken or situation created, regardless of the person’s willingness to participate, that causes embarrassment, ridicule, or risks emotional and/or physical harm to members of a group or team”. Examples include but are not limited to the following:
– Requiring new members/rookies to perform duties not assigned to other members
– Socially isolating new members/rookies
– Line-ups and drills/tests on meaningless information
– Expecting certain items to always be in one’s possession
– Asking new members to wear embarrassing or humiliating attire
– Expecting new members/rookies to perform personal service to other members such as carrying books, errands, cooking, cleaning etc.
– Student Life and Engagement deprivation
– Forced or coerced alcohol or drug consumption
– Forced or coerced ingestion of vile substances or concoctions
– Expecting illegal activity

In addition to sanctions from the University conduct system, students and organizations who participate in or condone hazing may subject themselves to criminal prosecution and/or civil liability.

DISCRIMINATION
Augusta University is strongly committed to ensuring that its learning and working environments are free of discrimination based on a person’s race, color, creed, national origin, gender, age, veteran’s status, sexual orientation, genetic information, or disability. Consistent with the policies of Augusta University and the laws of the State of Georgia, student organizations must conduct business accordingly. Student organizations found to have initiated or participated in acts of illegal discrimination may be subject to disciplinary action through the AU Student Code of Conduct, as well as criminal and/or civil liability.

SOCIAL EVENTS POLICY

Purpose:
The purpose of this policy is to clearly define the roles and responsibilities for student organizations, the governing councils, the Office of Student Life and Engagement, and the University as it relates to social events sponsored by student organizations at Augusta University. Additionally, this document provides a process for when the stated
requirements are not met. The guidelines set forth in this policy are intended to help organizations manage risks and provide a safe environment when hosting social events. This policy applies to all social events, both on and off-campus, planned by student organizations.

Definitions:

Social Event: Any activity occurring on or off campus, involving a gathering of students for social purposes. In general, a social event is a program or activity that includes any of the following elements:

- Any member takes part in coordinating the event for the benefit of the other members of the organization.
- The event is announced verbally or by postings to the members of the organization and/or other organizations represented on campus. This includes but is not limited to announcements made via email, flyers, social media postings, phone calls, group text messages, etc.
- Invitations regarding the event are sent to members, alumni, and/or nonmembers.
- Organizational funds are used to support the event either directly or indirectly (an example of support indirectly is a member makes payment for any costs associated with the event initially, and because the member paid for the event as an individual he/she does not have to pay dues for the semester)
- Space is reserved either on or off campus for the event.
- Amplified music by a DJ or live band.
- Alcohol will be served or allowed to be consumed
- A reasonable observer would associate the event with the organization.

Open Party: A social event with unrestricted access by nonmembers of the organization, and without specific invitation.

- Note: Open parties (meaning social events with unrestricted access by nonmembers of the organization, without specific invitation) where alcohol is present are strongly discouraged. If an organization chooses to hold an open party a guest list must be recorded at the door. This list must be turned in to the Assistant Director for Fraternity and Sorority Life the next business day.

Dry Event: A social event in which no alcoholic beverages are provided and/or consumed at the event, and persons in attendance are legally sober.

Wet Event: An event in which alcoholic beverages are permissible. However, alcohol may only be consumed by those individuals who are of legal drinking age. Additionally, wet events supported by student organizations may only be hosted at off campus locations. Please refer to the Student Manual, section 2.52 for further clarification on this policy.

- Note: Alcoholic beverages must be either 1) provided by a licensed third party vendor, or 2) purchased by an individual for personal consumption purposes only with a limit of one six pack of 12oz beers per person, or one four pack of wine coolers.

Bring Your Own Beverage (B.Y.O.B): BYOB means that the organization will allow attendees to bring and consume at the social event their own alcoholic beverages. Alcoholic beverages are limited to beer and wine.

Organization Facility: An organization facility is defined as a space/building that is owned and/or operated by an organization’s (inter)national Headquarters or local housing board.

- Note: Events will not be approved at off campus locations that aren’t officially recognized by an organization’s (Inter) National Headquarters or Augusta University.

FREEDOM OF EXPRESSION

Designated Public Forum Areas: To facilitate robust debate and the free exchange of ideas, the University has designated visible areas on campus as “Public Forum Areas.” Designated Public 35 Forum Areas are generally available for reservation, except during scheduled University holidays, between the hours of 8:00 a.m. and 12 midnight, Sunday through Saturday and include:

a) Teardrop in the Grove area on the Summerville campus,
b) South Side of the Jaguar Student Activity Center (JSAC), and
c) East Side of the Student Center on the Health Sciences campus.

The Public Forum Areas are generally available, and may be used by any person including nonstudents and other campus guests, as long as the areas have not been previously reserved or scheduled for a particular function and the participants do not violate other University policies or applicable law. However, members of the University community who anticipate drawing a crowd of at least 30 individuals, and non-campus guests must reserve the Public Forum Areas prior to use of the space. If an individual or group plans to use the space, they should contact the University as soon as possible to minimize scheduling conflicts, accommodate all interested users, provide for campus safety, and ensure that the academic and other operations of the University are not disrupted.

Individuals interested in reserving the designated public forum areas should contact the Office of the Dean of Student Life. Reservations of the Public Forum Areas will be granted by the University unless the reservation request implicates one of the following situations: (1) the reservation request contains a material falsehood or misrepresentation; (2) the designated public forum areas have already been reserved; (3) the use or activity planned by the applicant would conflict with or disturb previously planned programs organized and conducted by the University or would present a danger to the health or safety of any individual; or, (4) the use or activity intended by the applicant is prohibited by law, Augusta University policy, or Board of Regents policy. University officials will respond to all reservation requests within two University business days. Any denial of a reservation request may be appealed to the Office of the Vice President for Enrollment Student Affairs who will respond to the appeal within two University business days.

If an individual or small group of individuals within the University community, while engaging in spontaneous expression, attracts a group of 30 or more persons, then a representative from the group should provide the University with as much notice as circumstances reasonably permit. The University reserves the right to direct a group of 30 or more persons to one of the Public Forum Areas or another available area of campus in order to ensure the safety of campus members, to provide for proper crowd control, and to limit disruption of the academic and other operations of the University. When relocating expression, the University official must not consider or impose restrictions based on the content or viewpoint of the expression. This provision does not apply to classroom instruction or University-sponsored events.

To find a listing of scheduled University holidays please visit the following website: http://www.augusta.edu/hr/campusscheduledholidays.php

Written Materials: Members of the University community may distribute non-commercial written materials on a person-to-person basis in open outdoor areas of the campus. An individual who is not a member of the University community may only distribute written materials within the Public Forum Areas and only during the time in which the individual has reserved the Public Forum Area.

Designated building coordinators, or other University officials may designate areas in classrooms and or in or around University buildings for students or student organizations who wish to post handbills, posters, flyers, banners, signs, and other similar items on campus. However, the University prohibits the posting or display of these items by students or student organizations outside of these designated areas, including on the exterior of any University building, telephone/utility pole, tree, sidewalk, window, trash can, or any other exterior surface located on the campus, including vehicles. For information about where material may be posted, please call the Office of the Dean of Student Life at 706-737-1411.

Requests to post fliers within on-campus housing must be submitted to the Department of Housing and Residence Life. Requesters should provide an appropriate number of flyers to be posted on bulletin boards within the residence halls. Housing staff are responsible for posting the flyers and removing them after the event or noted expiration date. Solicitation or advertising for non-university sponsored functions is not allowed.
General Provisions: In addition to the requirements set forth above, all individuals expressing themselves on Augusta University’s campus must comply with the following provisions:

- No interference with the free flow of vehicular or pedestrian traffic, including the ingress and egress to buildings on campus, is permitted.
- No disruption of the orderly conduct of classroom instruction or other University activities is permitted. If a demonstration or other expressive behavior by any individual or group, regardless of the size of the group, disrupts any University-sponsored event, including class or clinic, or poses a threat to the health or safety of any individual, the University reserves the right to direct the individual or group to one of the Designated Public Forums or to another suitable location where the individual or group may continue the demonstration, if such an area exists on campus, or to end the event.
- Buildings, grounds, University property, and property belonging to others may not be defaced, damaged, or destroyed.
- Sidewalk chalk is permitted; however, the use of chalk may be used only on concrete sidewalks where the chalking can be washed away easily by rain, and at least 10 feet from the entrance to any University building.
- Persons expressing themselves on Augusta University’s campus must comply with all applicable federal, state, and local laws, Board of Regents’ policies, and Augusta University policies, rules, and regulations.

University Alcohol Policy

POLICY STATEMENT

The service of alcohol at Augusta University events, programs sponsored by the university, or its direct support organizations, will be prohibited unless advance written permission is received from the Executive Vice President for Academic Affairs and Provost. Any person or organization requesting permission to serve alcohol will be required to adhere to this policy in the responsible possession, distribution, and sale of alcoholic beverages at Augusta University events. Students, staff, faculty, vendors, and guests are expected to adhere to the federal, state and local laws, Board of Regents and university policies, and ethical standards of conduct, including respecting the rights of others. Augusta University (AU) neither encourages nor condemns the legal consumption of alcoholic beverages by those who have reached the legal age of consumption as dictated by Georgia State law. The employees of the university will cooperate fully with law enforcement officials in regard to the illegal use of alcohol.

The purpose of the University Alcohol Policy is to regulate the service of alcoholic beverages on campus or at university sponsored events in such a way that it upholds local, state and federal laws and helps to create safe and healthy campuses. Augusta University promotes an alcohol free campus environment, but also recognizes that alcoholic beverages may be available at university sponsored events. In addition, the university recognizes that the majority of undergraduate students are below the legal drinking age and that there are serious health risks and behavior problems associated with the use of alcohol in the collegiate environment. Augusta University enforces the prohibitions of the unlawful possession, use, or distribution of illicit drugs and alcohol and distributes this document as a part of the University’s compliance with the Drug Free Schools and Communities Act Amendments of 1989 as articulated in the Drug-Free Schools and Campus Regulations.
