STUDENT ORGANIZATION BASICS

PURPOSE OF STUDENT ORGANIZATIONS

To support the University: Student organizations exist to support the overall objectives of the University. Operating on the basis of voluntary participation and self-government, student organizations are an integral part of the University community, and as such are obligated to contribute to the scholastic attainment and general development of the individual student

To support the students and compliment the curriculum: Student organizations offer the individual an opportunity to broaden his/her environment. Skills and experience obtained through membership in student organizations serve as a valuable supplement to the formal curriculum. An active, involved student is a successful student. Through participation in activities and student organizations, students can complement the classroom curriculum with related experiences.

To offer beneficial outcomes: Student organizations form relationships with other students with similar interests, develop mentor relationships with faculty and staff, and utilize life skills such as decision making, planning, critical thinking and more. Student Organizations help create a sense of community and spirit on campus. Broaden your horizons in ways you could never imagine – get involved!

RIGHTS AND RESPONSIBILITIES

Student organizations are not only members of the academic community, but also are members of the larger society. As part of the University community, members of student organizations have a responsibility to know and follow all University rules and regulations in the Student Code of Conduct. Student organizations may be held accountable under the Code of Conduct. A student organization and its officers may be held collectively and individually responsible when violations of the Code of Conduct by those associated with the organization have received the consent or encouragement of the organization, or of the organization's leaders or officers.

To determine whether a student organization is responsible for a violation of the Code of Conduct, all circumstances will be considered, including, but not limited to:

- Whether the misconduct was committed by one or more members of the organization;
- Whether officers of the organization had prior knowledge of the misconduct;
- whether organizations funds were used;
- Whether the misconduct occurred as a result of an organization-sponsored function; and
- Whether members of the organization lied about the incident.

It is the responsibility of all student organization officers to familiarize themselves with Augusta University policies, procedures, and Code of Conduct, and to share this information with membership.

- The Student Code of Conduct can be found at:

All registered student organizations must have an advisor. This advisor does not have to be a faculty or staff member, but it is preferred. Graduate Assistants and student assistants are not eligible to serve as advisors.

SELECTING YOUR ADVISOR

Registered student organizations may choose their own advisors from any department or college within the campus or community who support the purpose of the organization. The usual appointment or assignment is for one academic year. Continuity of advising from year to year is desirable. In these cases, the organization generally requests the assignments to be renewed. The relationship between advisor and organization is to be determined by the two parties themselves.

TIPS FOR ADVISOR/ORGANIZATION COMMUNICATION

- Sit down and talk as an organization about your expectations of an advisor
- Before making a selection, consider finding someone who will have the time to devote to your organization, and finding someone who will take the role willingly and seriously
- If possible, choose someone who shares some of the same interests of your organization and someone with whom you are in contact
- If your organization is departmental, try to find someone in that department to be your advisor
- When approaching your potential advisor for the first time, make certain they have a clear understanding of your organization's purpose as well as what will be required of them in their role, duties and time commitment as advisor
- Allow the person a reasonable length of time to consider the decision
- Once a faculty/staff member has agreed to be your advisor, they should complete an online Advisor Orientation in order for your organization to begin the Student Organization recognition process.

Funding for Student Organizations

Student organizations can request additional funds from Student Government to aid in covering the cost of student organization events and/or travel. Requests must be made in the same semester that the event or travel is hosted in.

For additional questions on policies regarding SGA funding please visit the SGA website:

<http://www.augusta.edu/student-life/sga>

Funding from SGA CAN be used for:

- Hiring and paying travel for performers: Meals and travel expenses are subject to per diem and non-employee travel regulations (Section 19.9). If all costs of performing group, 27 including travel expenses, are included as part of a lump-sum contract, travel regulations would not apply.
- Consultant expenses
- Prizes/awards from raffles: Participation in raffle must be available to all students. Raffles/lotteries may be lawfully conducted without a license if participants are allowed to enter at no cost. For these events, individual prizes must be minimal in value (not to exceed \$100). If licenses are obtained and raffle tickets are sold, gifts are limited to funds collected in raffle.
- Food and refreshments for student group events: Appropriate if event is open to all students within specific identifiable group.
- Promotional Items: Associated with promotional events for students, such as student recruitment. Acceptable items would be T-shirts, mugs, plaques, click drives, etc. Individual value should not exceed \$ 50. Cash awards are strongly discouraged. The institution may be subject to additional prohibitions on promotional items resulting from athletic conference regulations.
- Event costs: Appropriate to stage events (e.g., decorating event area, printing programs, and advertising).

Funding from SGA MAY NOT be used for:

- Donations: Except where proceeds of fundraiser go directly for that purpose
- Scholarships: Prohibited unless based on some performance measure or service requirement. Performance measures would require some academic or student activity skill to be displayed (e.g., athletics, music, literary, math, etc.). Simply being an enrolled student would not qualify as a performance measure.
- Tips: Unless covered by State travel guidelines or service contract.
- Faculty salaries and benefits: Student activity fees should not be used to directly fund instructional costs of credit hour courses.
- Intercollegiate Athletic program costs: Normally these costs should be paid from Athletic fees. Possible exceptions could be for support groups, such as dance teams, student organization sports or cheerleaders, if included in the budget as reviewed by the student fee advisory committee.
- Alcoholic beverages or any illegal substances.
- Individual or student organization memberships in civic organizations
- Political campaigns or events

This includes any event held in, at or on the property of a tavern as defined above for purposes of fundraising. However, a **chapter** may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of this policy, including the use of a third party vendor and guest list. FREEDOM OF EXPRESSION

Designated Public Forum Areas: To facilitate robust debate and the free exchange of ideas, the University has designated visible areas on campus as “Public Forum Areas.” Designated Public Forum Areas are generally available for reservation, except during scheduled University holidays, between the hours of 8:00 a.m. and 12 midnight, Sunday through Saturday and include:

- a) Teardrop in the Grove area on the Summerville campus,
- b) South Side of the Jaguar Student Activity Center (JSAC), and
- c) East Side of the Student Center on the Health Sciences campus.

The Public Forum Areas are generally available, and may be used by any person including nonstudents and other campus guests, as long as the areas have not been previously reserved or scheduled for a particular function and the participants do not violate other University policies or applicable law. However, members of the University community who anticipate drawing a crowd of at least 30 individuals, and non-campus guests must reserve the Public Forum Areas prior to use of the space. If an individual or group plans to use the space, they should contact the University as soon as possible to minimize scheduling conflicts, accommodate all interested users, provide for campus safety, and ensure that the academic and other operations of the University are not disrupted.

Individuals interested in reserving the designated public forum areas should contact the Office of the Dean of Student Life. Reservations of the Public Forum Areas will be granted by the University unless the reservation request implicates one of the following situations: (1) the reservation request contains a material falsehood or misrepresentation; (2) the designated public forum areas have already been reserved; (3) the use or activity planned by the applicant would conflict with or disturb previously planned programs organized and conducted by the University or would present a danger to the health or safety of any individual; or, (4) the use or activity intended by the applicant is prohibited by law, Augusta University policy, or Board of Regents policy. University officials will respond to all reservation requests within two University business days. Any denial of a reservation request may be appealed to the Office of the Vice President for Enrollment Student Affairs who will respond to the appeal within two University business days.

If an individual or small group of individuals within the University community, while engaging in spontaneous expression, attracts a group of 30 or more persons, then a representative from the group should provide the University with as much notice as circumstances reasonably permit. The University reserves the right to direct a group of 30 or more persons to one of the Public Forum Areas or another available area of campus in order to ensure the safety of campus members, to provide for proper crowd control, and to limit disruption of the academic and other operations of the University. When relocating expression, the University official must not consider or impose restrictions based on the content or viewpoint of the expression. This provision does not apply to classroom instruction or University-sponsored events.

To find a listing of scheduled University holidays please visit the following website:

<http://www.augusta.edu/hr/campusscheduledholidays.php>

Written Materials: Members of the University community may distribute non-commercial written materials on a person-to-person basis in open outdoor areas of the campus. An individual who is not a member of the University community may only distribute written materials within the Public Forum Areas and only during the time in which the individual has reserved the Public Forum Area.

Designated building coordinators, or other University officials may designate areas in classrooms and or in or around University buildings for students or student organizations who wish to post handbills, posters, flyers, banners, signs, and other similar items on campus. However, the University prohibits the posting or display of these items by students or student organizations outside of these designated areas, including on the exterior of any University building, telephone/utility pole, tree, sidewalk, window, trash can, or any other exterior surface located on the campus, including

vehicles. For information about where material may be posted, please call the Office of the Dean of Student Life at 706-737-1411.

Requests to post fliers within on-campus housing must be submitted to the Department of Housing and Residence Life. Requesters should provide an appropriate number of flyers to be posted on bulletin boards within the residence halls. Housing staff are responsible for posting the flyers and removing them after the event or noted expiration date. Solicitation or advertising for non-university sponsored functions is not allowed.

General Provisions: In addition to the requirements set forth above, all individuals expressing themselves on Augusta University's campus must comply with the following provisions:

- No interference with the free flow of vehicular or pedestrian traffic, including the ingress and egress to buildings on campus, is permitted.
- No disruption of the orderly conduct of classroom instruction or other University activities is permitted. If a demonstration or other expressive behavior by any individual or group, regardless of the size of the group, disrupts any University-sponsored event, including class or clinic, or poses a threat to the health or safety of any individual, the University reserves the right to direct the individual or group to one of the Designated Public Forums or to another suitable location where the individual or group may continue the demonstration, if such an area exists on campus, or to end the event.
- Buildings, grounds, University property, and property belonging to others may not be defaced, damaged, or destroyed.
- Sidewalk chalk is permitted; however, the use of chalk may be used only on concrete sidewalks where the chalking can be washed away easily by rain, and at least 10 feet from the entrance to any University building.
- Persons expressing themselves on Augusta University's campus must comply with all applicable federal, state, and local laws, Board of Regents' policies, and Augusta University policies, rules, and regulations.
