

Campus End Users – Recommended Furniture Dealers in Augusta, GA.

The Purchasing Department from time-to-time receives inquiries from our customers about the furniture buying process. We'd like to encourage you to contact any of the following local vendors as a starting point. Each has an office in Augusta and offers quality products, great pricing, and dedicated service:

** All PO's must be made out to the manufacturer, referencing the dealer **

Note that each dealer represents a unique group of manufacturers that are available on Statewide Contracts, i.e. one's that have already been awarded via the State Purchasing Department in Atlanta. Buying off of previously negotiated Statewide Contracts speeds up the purchasing process tremendously by alleviating the need to go through the bid process on our end. The respective list of manufacturers above is not all-inclusive so please contact the dealers above if you are interested in other products they may carry.

In sum, we would like to make the furniture buying process as effortless as possible for our customers. All three dealers are familiar with MCG and the Statewide Contract process in general. Please acquire a quote from any (or all of them if you choose) on any upcoming project. Select the one you would like to move forward with and reference the Statewide Contract # (SWC 70760) on your requisition.
